Welcome to SANDAG Grants!

As the regional planning agency, the San Diego Association of Governments (SANDAG) allocates millions of dollars each year in local, state, and federal funds through several competitive grant programs. Grants awarded range from infrastructure projects to habitat management and monitoring efforts to specialized transportation services for senior and disabled populations. While each individual grant program maintains a particular focus, all work together to enhance our region's quality of life.

1. Changing the **Username** does not change the email address that will receive notifications.
2. To change the email address that receives notifications, update the **Email Address** located in the **Personal Information Section**
3. Verify that the **TimeZone** selected in the Personal Information section is set to Pacific Time.
 - ✓ SANDAG uses Pacific Time in its solicitation deadlines and selecting a different Time Zone could lead to confusion
