***Focus on the Future***

During the past year, SANDAG has worked with thousands of residents from throughout the region to help make critical decisions to improve infrastructure, preserve our natural resources, meet our fiscal responsibilities, and enhance our quality of life. Workshops, task force meetings, public hearings, and outreach efforts have resulted in strong interest and great ideas from the region's residents.

New participants and veteran stakeholders from community-based, education, environmental, and business organizations have joined the regional dialogue to create a better future for the San Diego region.

On behalf of SANDAG, thank you for your commitment. We look forward to working with you as we create a better future and a better region together.
