

Notice of Funding Availability

Bureau of Justice Assistance (BJA) FY 2022 Project Safe Neighborhoods (PSN) United States Attorney's Office-Central District of California

This Notice of Funding Availability is provided by the San Diego Association of Governments (SANDAG) for the 2022 Project Safe Neighborhoods (PSN) program with the United States Attorney's Office Central District of California (USAO-CDCA). PSN is an essential source of grant funding available for state and local law enforcement agencies developing innovative multi-disciplinary, multi-agency approaches to address violent crime through the cultivation of collaborative relationships. The program's effectiveness depends upon the ongoing cooperation of local, state, tribal, and federal law enforcement agencies working together with the communities they serve, engaged in a unified approach facilitated by the USAO's in all judicial districts.

PSN Program Description:

Project Safe Neighborhoods is a nationwide initiative that brings together federal, state, and local law enforcement officials, prosecutors, and community leaders to identify the most pressing violent crime problems in a community and develop comprehensive solutions to address them in collaboration with district stakeholders.

About the Central District of California (CDCA)

The USAO-CDCA encompasses seven counties: Los Angeles, Ventura, Santa Barbara, San Luis Obispo, Orange, Riverside, and San Bernardino. The CDCA serves over 19 million residents with a population that is the largest of any district in the country.

CDCA PSN Goals and Objectives

CDCA PSN efforts seek to address, reduce, and prevent gang and gun violence in the CDCA through (1) federal prosecution of the most violent and repeat offenders; (2) collaboration among the USAO, federal, state, and local law enforcement agencies, non-governmental agencies, non-profit organizations, and community partners; (3) supporting meaningful gang prevention, gang intervention, re-entry and other violence prevention strategies; and (4) quantitative analysis on impact of PSN programming on violent crime and firearms offenses in the CDCA. For FY 2022 funding, \$200,000 will be available for four \$50,000 microgrants, open to applicants operating anywhere in the CDCA, and the remaining \$600,377.00 will be available to fund applicants operating within one or more of the PSN Task Force Areas.

PSN Task Force Areas

For the purposes of FY 2022 PSN funding, the CDCA will continue to focus resources in three Task Force areas within the district to support violent crime reduction efforts by enhancing and building on existing efforts. The three Task Force areas are the **City of San Bernardino, and the Los Angeles Police Department's (LAPD) Southeast and 77th Patrol Divisions in the City of Los Angeles**. Maps of these target areas are available [here](#). These communities are current recipients of PSN grant funding and have statistically high levels of violent crime compared to other areas within the Central District. Applicants seeking a PSN Task Force Area grant must be operating in one or more of the identified Task Force Areas.

Additionally, all PSN Task Force Area grant applicants must include a **Summer Violence Reduction Strategy (SVRS)** in their PSN program design that will provide violence prevention resources during the summer months when crime traditionally tends to spike. For example, an applicant can provide intervention, prevention, or law enforcement programming during evenings or weekends for potential victims and or perpetrators of violence, such as workforce development initiatives, extracurricular athletic or arts programming, higher education classes, or job training sessions. SVRS law enforcement programming can provide increased suppression efforts in known "Hot Spots" or support community/police communication forums, crime prevention workshops, or youth and family outreach.

PSN Law Enforcement Applicants

Law Enforcement agencies seeking to apply for PSN funding shall address significant violent crime problems currently affecting the CDCA, particularly within the three Task Force Areas, including the proliferation of ghost guns and Glock switches and illegal trafficking of firearms from Nevada and Arizona into the CDCA.

USAO Led Task Force Meetings

Task Force meetings will be convened regularly by the USAO-CDCA along with local law enforcement, and non-government organizations (NGOs). Task Force meetings will serve as an opportunity to address challenges collectively as a community, explore additional violent crime reduction funding efforts, and leverage available federal resources, including training and technical assistance from subject matter experts on myriad topics, such as the National Integrated Ballistic Information Network (NIBIN) and other ballistic information through the District's Crime Gun Intelligence Center (CGIC). Attendance at PSN Task Force meetings with all PSN funded agencies, research partner, and USAO-CDCA will be required.

Law Enforcement – Violent Crime Case Review

Members of the USAO-CDCA and ATF will hold regular violent crime case review meetings with PSN funded law enforcement agencies to identify cases for federal filing, especially those involving violent gangs, felons in possession, and other firearm offenses, known shooters as well as chronic violent offenders.

CDCA PSN Program Administration and Funding Areas

The PSN Gang and Gun Crime Reduction Program is administered by the U.S. Department of Justice (DOJ), Bureau of Justice Assistance (BJA), through SANDAG. SANDAG is the assigned Fiscal Agent for the USAO-CDCA for FY 2022 PSN funding. SANDAG is responsible for providing coordinated and transparent management of various programmatic and financial components of the award.

SANDAG and the USAO-CDCA have vetted focused program areas for the FY 2022 PSN application: **Law Enforcement, Intervention/Rehabilitation, and Prevention/Outreach**. All proposed programs must provide services in at least one focused program area.

1. Law Enforcement

- Programs (or task forces) that will reduce gang violence and the availability of weapons, particularly ghost guns and illegal Glock auto-switches and silencers, found in the District.
- This may include targeting violent gangs, felons in possession and other firearms offenses, geographic hot spot areas, and known shooters and chronic violent offenders, and the development of software to aid law enforcement in creating technology to properly identify and catalogue ghost guns and Glock auto-switches.

2. Intervention/Rehabilitation

- Programs that provide services for at-risk communities to address drivers of gun

and gang violence and repeat and habitual offenders.

- Programs that address community re-entry of violent offenders and alternatives to gang membership.

3. Prevention and Outreach

- Programs that address prevention of juvenile delinquency and gang membership.
- Programs that provide outreach programs to Federal Firearm Licensees and the public to encourage responsible and safe gun ownership.
- Programs designed to reduce violence during the summer months.

CDCA Microgrants

The CDCA intends to allocate \$200,000 (total of four grants in the amount of \$50,000) of the FY22 PSN funding for “micro-grants” that will support small scale / large impact crime-reduction efforts within the CDCA outside of the identified PSN Task Force Areas. An agency applying for a microgrant must follow the application process outlined here and identify the proposed program’s focused program area(s) (e.g., Law Enforcement, Intervention/Rehabilitation, and Prevention/Outreach) and intended geographical service area. For example, micro-grants can be used to support juvenile and adult reentry programming efforts, violent crime prevention workshops for community members, as well as targeted gang/gun violence suppression efforts.

Supplanting:

Grant funds are intended to add, augment, or supplement, **not replace**, resources already committed to the Reduction of Gun and Gang Violence control effort.

Reporting Requirements:

All selected applicants (sub-grantees) shall be required to submit all required BJA quarterly financial and programmatic reports to the fiscal agent. Additionally; All PSN funded agencies (includes microgrant recipients) must submit a supplemental monthly program report to the USAO and the designated research partner. All PSN funded law enforcement agencies (includes microgrants) shall provide monthly crime statistics for the PSN funded program service area to the USAO and designated research partner. The purpose of the supplemental reports will aid to better evaluate the program effectiveness. At the same time, it will provide an opportunity for PSN funded agencies to highlight program successes, challenges and request training and technical assistance from the PSN TTA service provider.

Application Procedure:

All applicants must submit via email a program narrative, budget detail worksheet, and the certified assurances to:

- **Ruben Casillas at:** Ruben.Casillas@sandag.org

Applicants should visit SANDAG's website at: <https://www.sandag.org/data-and-research/criminal-justice-and-public-safety/evaluation-services/courts-and-police> (under PSN Grants section) or contact Ruben Casillas at (619) 837-6501 or at Ruben.Casillas@sandag.org to learn more about this funding opportunity. Award Selection Procedure:

Upon receipt of the sub-grant applications, SANDAG will determine the quality and validity of each submission. For a grant submission to be reviewed it must focus on one of the three target areas or identified microgrant service area within the CDCA (Los Angeles, Ventura, Santa Barbara, San Luis Obispo, Orange, Riverside and San Bernardino counties) for FY 2022 funding and meet all the before-mentioned criteria for completeness. Eligible applications will then be forwarded to the CDCA's PSN Selection Committee for review. The PSN Selection Committee, which does not include CDCA personnel is made up of participants with expertise in local and federal law enforcement, community-centered violence prevention initiatives, and police-community relations. The PSN Selection Committee will review, rate, and rank each responsive application received based on the following criteria:

1. Statement of the Problem and Understanding of the PSN Program Strategy
2. Program Design and Implementation
3. Capabilities/Competencies
4. Plan for Collecting Required Data
5. Budget and Detailed Budget Narrative

The PSN Selection Committee will submit their recommendations to SANDAG for ratification. The final selections will be forwarded to the Bureau of Justice Assistance for final review and approval. A decision to deny funding may not be appealed, however it does not prohibit resubmission of a similar proposal in a subsequent year of funding.

Once the allocation of funding has been made to all selected sub-grantees, each recipient will receive an award letter indicating their final award amount. All applicants will be notified, in writing, of their funding decision. This notification will be made within (30) days of the PSN Selection Committee's meeting to select applicants for the CDCA's PSN program for FY 2022.

Termination:

SANDAG shall have the right to terminate this Notice of Funding Availability (NFA). The terms of this Notice are contingent upon federal appropriations and authorizations being made by the Congress of the United States. If sufficient

appropriations and authorizations are not formalized, this NFA shall terminate, with notice being given by SANDAG to the applicant. SANDAG is not committed to reimburse grant funding to sub-grantees until the funds are programmed, budgeted, and approved.
