“Board of Directors voted to direct staff to move forward with Option 2 by preparing a focused amendment of the 2021 Regional Plan without the regional road usage charge and a supplemental California Environmental Quality Act analysis for Board consideration within one year, and to have staff come back to the Board at the earliest opportunity possible should staff find in completing this work any issues that arise which could impact the timeline in implementing Board direction on this issue.”
Amendment to the 2021 Regional Plan

In September 2022, the SANDAG Board directed staff to prepare an amendment to the 2021 Regional Plan without the regional road user charge (RUC). In developing the amendment, SANDAG has updated the financial strategies used in the 2021 Regional Plan and assessed the region's continued ability to achieve the greenhouse gas emissions target set by the California Air Resources Board as well as federal air quality standards, without the RUC.

The proposed amendment is available for public review and comment from June 13, 2023, through August 8, 2023.

To share your feedback on the proposed amendment:

- Submit a comment using our online form.
- Email comments to RegionalPlanAmendment@sandag.org with the subject, “2021 Regional Plan Amendment.”
- Leave a verbal comment by calling 619.595.5078.
- Mail written comments to SANDAG Regional Plan Amendment, 401 B Street, Suite 800, San Diego, CA 92101, c/o Kirsten Uchitel, Associate Planner.
- Comment in person at the public hearing during the Board of Directors meeting on June 23, 2023

As the lead agency under the California Environmental Quality Act, SANDAG is preparing a Supplemental Environmental Impact Report (SEIR) for the proposed amendment to the 2021 Regional Plan. The Draft SEIR will be available for public review in July 2023.

<tbody>
<tr>
<td>Total Revenue Sources</td>
<td>$164,959</td>
</tr>
<tr>
<td>Total Costs</td>
<td>$162,538</td>
</tr>
<tr>
<td>Difference (Rev-Costs)</td>
<td>$2,421</td>
</tr>
</tbody>
</table>
Other Considerations

Would not exceed the ozone standards set for the region

Minor changes (<1%) to the network performance measures established for the Plan

Would not result in a disparate impact or disproportionate effect on disadvantaged communities
Next Steps

June - July
Release Amendment and SEIR public review

July - August
Outreach events

September
Response to comments and finalize Amendment and SEIR

October
Board Action

November
Submit amendment to federal and state agencies
