• The San Diego Association of Governments (SANDAG) On-Call Planning Contracts is estimated up to $40 million for transportation planning services.

• To qualify for the Planning Bench a firm must be able to perform one or more of the transportation planning services listed below.

• The Planning On-Call Contracts will support transportation improvements for public agencies (e.g. Caltrans, Metropolitan Transit System, North County Transit District, other cities, counties, and agencies).

As-needed Support Services

- Service Planning
- Complete Streets
- Active Transportation
- Facility Planning
- Transportation Demand Management (TDM)
- Smart Growth
- Air Quality
- Regional Plan/Corridor Development
- Partnership Collaboration
- Finance
- Market Research and Survey
- Goods Movement
- Emerging Technologies
- Planning Support Services

* The Planning Support Services category is meant to support the service categories that are listed in the Planning On-Call Contracts scope of work.
