For Ross A. Chittenden, Transportation Programming

Dear Mr. Kempton:

SUBJECT: SANDAG 2004/05-2006/07 FSTIP AMENDMENT NUMBER 6

The Federal Highway Administration (FHWA) has completed its review of Amendment Number 6 to the San Diego Association of Governments (SANDAG) 2004 Regional Transportation Improvement Program (RTIP) that was submitted by your letter dated March 29, 2005. The SANDAG Board of Directors adopted Resolution No. 2005-19 on March 18, 2005, approving these RTIP modifications and reaffirming the conformity of the transportation improvement program with the State Implementation Plan (SIP) for air quality. As detailed in the enclosure to your letter, this SANDAG RTIP amendment proposes to add five new project listings and modify the funding for five previously listed projects, in the triennial element of California's 2004/05-2006/07 Federal Statewide Transportation Improvement Program (FSTIP). Based on our review, Amendment No. 6 to the SANDAG RTIP increases RTIP/FSTIP funding commitments to projects in the SANDAG region by \$49.9 million in program year 2004/05, \$85.8 million in year 2005/06, and \$76.8 million in year 2006/07. Pursuant to 23 CFR 450.216, project programming information provided for additional years beyond the current FSTIP triennial element is accepted by the FHWA and Federal Transit Administration (FTA) for information purposes.

We find that SANDAG's 2004/05-2006/07 RTIP, including Amendment No. 6, is financially constrained and was developed through a continuing, cooperative and comprehensive transportation planning process in accord with the metropolitan transportation planning provisions of 23 USC §134 and 49 USC Chapter 53. We have determined that the adopted modifications to the SANDAG FTIP, proposed for inclusion in California's FSTIP by this amendment, are exempt from the regional emissions analysis and conformity determination requirements of the U.S. Environmental Protection Agency's (EPA's) Transportation Conformity Rule as amended. Our transportation planning and air quality conformity findings have been coordinated with the regional offices of the U.S. EPA and FTA. We are approving

this amendment to the 2004/05-2006/07 FSTIP for the SANDAG region pursuant to the Federal statewide and metropolitan transportation planning regulations codified in 23 CFR Part 450, and in accord with the July 15, 2004, *Memorandum of Understanding between the Federal Highway Administration, California Division, and the Federal Transit Administration, Region IX*.

If you have questions or need additional information concerning our FSTIP approval for this SANDAG RTIP amendment, please contact Wade Hobbs of the FHWA California Division office at (916) 498-5027, or by email at [wade.hobbs@fhwa.dot.gov](mailto:wade.hobbs@fhwa.dot.gov).

Sincerely,
