Join by phone: 1-650-479-3208 Call-in toll number (US/Canada)
Access code: 282 346 880

Micromobility services continue to evolve within the San Diego region. While they offer convenient, on-demand travel options, planning and operating successful micromobility programs are proving to be challenging for many cities. The Regional Micromobility Coordination effort aims to assist local jurisdictions, transit agencies, universities, and the military in establishing standards and best practices across a variety of relevant micromobility topics, including data sharing, dockless vehicle parking, education/outreach, and equity.

Meeting #2 will focus on data sharing standards and regulating micromobility services.

2 – 2:15 p.m.	Intros & Peer City Policy Updates (Marisa Mangan)
2:15 – 2:30 p.m.	Local Agency Micromobility Updates (All)
2:30 – 3:15 p.m.	Regional Micromobility Data Clearinghouse (Pat Landrum, Marisa Mangan)
3:15 – 3:55 p.m.	Development of Model Regulations for Micromobility (Local City Attorney Participants)
3:55 – 4 p.m.	Next Steps (Marisa Mangan)
