Environmental Mitigation Program Working Group

Membership

The Environmental Mitigation Program Working Group (EMPWG) advises the Regional Planning Committee on issues related to the implementation of TransNet’s Environmental Mitigation Program (EMP). The EMP consists of direct mitigation of planned transportation projects and the regional habitat acquisition, management, and monitoring activities necessary to implement the Multiple Species Program and Multiple Habitat Conservation Program.

The EMPWG generally meets at 1 p.m. on the second Tuesday of every other month.

Staff contact: Kim Smith, (619) 699-6949, kim.smith@sandag.org

MEMBERS

**Kristine Alessio, Chair**  
Vice Mayor, City of La Mesa
