Celebrate the Groundbreaking of a New Section of the

BAYSHORE BIKEWAY!

Friday, August 5, 2011
10 a.m.
Off Bay Boulevard and West J Street/Marina Parkway, Chula Vista, CA (See map below)

Ride your bike to the celebration!

Everyone is invited to join County Supervisor Greg Cox, SANDAG Second Vice Chair and Imperial Beach Mayor Jim Janney, Chula Vista Mayor Cheryl Cox, and San Diego Unified Port District Chairman Scott Peters, as they break ground on a new stretch of the Bayshore Bikeway in Chula Vista.

Plans call for the Bayshore Bikeway to eventually stretch 24 miles all the way around San Diego Bay. Funded by federal Transportation Enhancement funds and the regional TransNet half-cent sales tax administered by SANDAG, the new 1.8-mile segment is between H and Palomar streets in Chula Vista. So far, 13 miles, or more than half of the bikeway, have been completed. This latest project marks another major milestone in fulfilling a regional vision to create a world-class bikeway.

Media parking is available at Community Health Group at 740 Bay Boulevard and in a coned-off area along Bay Boulevard, south of Marina Parkway. Also, plenty of parking is available along Marina Parkway and in a paved lot just northwest of Bay Boulevard and Marina Parkway.
