

# Bayshore Bikeway Barrio Logan Segment Community Meeting

The San Diego Association of Governments (SANDAG) is planning improvements to the Bayshore Bikeway between 32<sup>nd</sup> Street and Park Boulevard in the City of San Diego, known as the Barrio Logan segment. Interested parties and community members are invited to attend the first stakeholder's group meeting:

**WHEN:** Monday, December 1, 2014  
6-8 p.m.

**WHERE:** Woodbury School of Architecture  
2212 Main St. San Diego, CA 92113

## About the Project

The Bayshore Bikeway is a major corridor in the regional bike network and the Barrio Logan segment is one of the last major segments to be constructed. It will provide a comfortable and attractive place to ride a bike along Harbor Drive that is separated from vehicle traffic. The Barrio Logan segment will connect to the existing Bayshore Bikeway at the bayfront promenade in front of the San Diego Convention Center, and to an existing section of bike path now under construction south of 32<sup>nd</sup> Street.

Your feedback on the proposed project will help ensure the bikeway serves the needs of all users, including Barrio Logan and the surrounding community.
