MANAGEMENT COMMITTEE

Tom Zoll, Chair
Carlsbad Police Department

Richard Emerson
Chula Vista Police Department

Paul Crook
Coronado Police Department

Cliff Diamond
El Cajon Police Department

Jim Maher
Escondido Police Department

Alan Lanning
La Mesa Police Department

Adolfo Gonzales
National City Police Department

Frank McCoy
Oceanside Police Department

Pat Drummy
San Diego Police Department

Bill Gore
San Diego Sheriff’s Department

Pamela Scanlon
Director, ARJIS

Cynthia Burke
Director, Criminal Justice Research

Jeff Tayman
Director, Technical Services

AGENDA HIGHLIGHTS

• COPLINK PROJECT

• REGIONAL SEX OFFENDER REGISTRATION SYSTEM

PLEASE TURN OFF
CELL PHONES DURING THE MEETING

In compliance with the Americans with Disabilities Act (ADA), SANDAG will accommodate persons who require assistance in order to participate in SANDAG meetings. If such assistance is required, please contact the Clerk of the Board at (619) 699-1912 at least 72 hours in advance of the meeting. To request this document or related reports in an alternative format, please call (619) 699-1912, (619) 699-1904 (TTY) or fax (619) 699-1995.
CHIEFS’/SHERIFF’S MANAGEMENT COMMITTEE AGENDA
Wednesday, August 2, 2006
9:30 a.m. - 11:00 a.m.

ITEM #

1. ROLL CALL

2. APPROVAL OF JULY 5, 2006 MEETING MINUTES
   RECOMMEND
   APPROVE

3. PUBLIC COMMENTS/COMMUNICATIONS/MEMBER COMMENTS
   Members of the public will have the opportunity to address the Management Committee on any issue within the jurisdiction of the Committee. Speakers are limited to three minutes each and shall reserve time by completing a “Request to Speak” form and giving it to the Clerk prior to speaking. Committee members also may provide information and announcements under this agenda item.

REPORTS

4. PUBLIC SAFETY COMMITTEE UPDATE (Chief Tom Zoll)
   INFORMATION
   Chief Tom Zoll will provide an update on the Public Safety Committee’s Interoperability and Communications Workshop series. The outcome of the third workshop held on July 21, 2006 at the Chula Vista Police Department will be presented along with proposed next steps and time lines.

5. BUSINESS AND TECHNICAL COMMITTEE UPDATES (Lieutenant Michael Lawton and Captain Reginald Grigsby)
   INFORMATION
   Committee chairs will be available to update on recent activities and answer questions.

6. COPLINK PROJECT
   RECOMMEND
   Staff will provide an update on the status of the COPLINK rollout in San Diego. A data sharing agreement has been developed to allow agencies in San Diego and Orange counties to query each other’s COPLINK nodes. SANDAG and Orange County legal have reviewed the agreement. The Committee is asked to recommend the agreement be sent to the Public Safety Committee for approval.

7. REGIONAL SEX OFFENDER REGISTRATION SYSTEM (Kirby Beyer and Kimberly Glenn)
   DISCUSSION/POSSIBLE ACTION
   As directed by the Committee, the San Diego Police Department and San Diego Sheriff’s Department will provide an overview of their proposals for a regional sex offender registration system. The Committee is asked to review their proposals and recommend next steps.
8. UPCOMING MEETING

The next meeting of the Chiefs'/Sheriff’s Management Committee is scheduled for Wednesday, September 6, 2006 at 9:30 a.m., San Diego Police Department, Western Division.

9. ADJOURNMENT
CHIEFS’/SHERIFF’S MANAGEMENT COMMITTEE

August 2, 2006

AGENDA ITEM NO.: 2

Action Requested: APPROVE

MANAGEMENT COMMITTEE DISCUSSION AND ACTIONS
Meeting of July 5, 2006

1. ROLL CALL

Due to Chair Tom Zoll’s absence, Chief Richard Emerson (Chula Vista Police Department) called the meeting to order at 9:35 a.m. See attendance sheet on last page.

2. APPROVAL OF May 3, 2006 MEETING MINUTES

Upon a motion by Pat Drummy (San Diego Police Department) and a second by Chief Alan Lanning (La Mesa Police Department), the Management Committee unanimously approved the minutes of May 3, 2006.

3. PUBLIC COMMENTS/COMMUNICATIONS/MEMBER COMMENTS

Sandy McBrayer stated she is working on juvenile diversion with the San Diego County District Attorney’s office with Domestic Violence Children’s Services (DVCS). There is a regional effort to document the ages and number of juveniles that live in a home affected by domestic violence to enhance the support service provided to these families. Sandy is trying to standardize the Domestic Violence Supplemental Form to add a field to capture these data. She stated it appears each agency has created their own form and there is no consistency across the region; and there is no indication the data is being captured electronically in a regional system.

John Lusardi (San Diego District Attorney’s Office) stated the DA’s office is working in updating their form.

Chief Emerson recommended that ARJIS look at the DV supplemental form, as well as the other regional forms used to capture justice information and make a recommendation on consolidating some of the forms.

Pam Scanlon (Director of ARJIS) stated ARJIS will look at this as an item for discussion in the FY07 Workplan.

REPORTS

4. PUBLIC SAFETY COMMITTEE UPDATE

Pam Scanlon gave an update on the Public Safety Meeting held on Friday, June 16, 2006. Angela Goldberg (Methamphetamine Strike Force) gave an update on the impact of methamphetamine (meth) in the San Diego region. Samuel Johnson (Integrated Information Systems Manager,
SANDAG) gave a PowerPoint presentation on the Intelligent Transportation System (ITS) Program which will be presented at this meeting.

The next Public Safety Committee meeting will be the third Interoperability and Communications Workshop on Friday, July 21, 2006. It will be held at Chula Vista Police Department from 9:30 a.m. to 2:00 p.m. All members are encouraged to attend.

5. BUSINESS AND TECHNICAL COMMITTEE UPDATES
   (Lieutenant Michael Lawton and Captain Reginald Grigsby)

Pam Scanlon stated a joint meeting of the Business and Technical Committees will be held on Tuesday, July 25, 2006 at SANDAG.

6. ARJIS FY 2006 YEAR REVIEW (Pam Scanlon and Sandy Keaton)

Sandy Keaton (SANDAG Staff) distributed the SANDAG 2005 Public Safety Facts Wheel for the San Region and a summary sheet documenting 20 Criminal Justice Projects. Ms. Keaton introduced a new Criminal Justice Research employee, Sylvia Sievers.

Pam Scanlon provided an overview of the FY06 Year in Review. ARJIS acquired six new ARJISNet connections and currently has 71 member agencies. Pam provided a status on the ARJIS grants with NIJ: SRFERS, i2, and DVCS; the FBI: R-Dex; and the Department of Homeland Security: BorderSafe and COPLINK. Pam highlighted the successful completion of several projects from the ARJIS WorkPlan and in particular made mention of the Public Crime Mapping Project which is scheduled to be rolled out on July 17, 2006; E-Cars, a web application interfacing with DOJ; and the addition of Fourth Waivers in the Officer Notification System ONS, thanking Probation for their collaboration efforts. Pam stated that the Enterprise ARJIS Project will be the main emphasis for FY 2007.

7. 511 TRAVELERS INFORMATION SYSTEM (Samuel Johnson)

Samuel Johnson gave a PowerPoint presentation on the Intelligent Transportation Systems (ITS) Program Vision Using 511 during disasters. A workshop is scheduled for August 7, 2006 with public safety and transportation management personnel. The purpose of the workshop will be to develop a strategic implementation plan that would identify opportunities and actions that make use of the regions’ valuable transportation assets in response to a disaster. The findings from this study would be considered as the region prepares its interoperability and communications strategic plan. Mr. Johnson will inform the group once the meeting agenda is finalized.

Chief Emerson asked if support is needed from the Business or Technical Committees.

Mr. Johnson suggested three to five people are needed to provide information for the workshop.

Pam Scanlon stated regions are adding cameras at trolley stops (MTS controls the cameras).

Chief Emerson asked if this was expanding to agencies.
Pat Drummy stated the SDPD had an opportunity to install cameras at parks, so there is interest.

8. COPLINK UPDATE (Pam Scanlon)  

Pam Scanlon gave an update on COPLINK. ARJIS is getting feedback from officers that they like COPLINK and that it is easy to use. She highlighted a few success stories. ARJIS has held 2 training sessions. The system has flexible searches and can run partial plates, names, and addresses; and does a great job with associations. A big component of COPLINK is the potential interface and search capabilities with Phoenix, Tucson, and Orange County. Ms. Scanlon has talked with Chief Bob MacDonnell (Newport Beach) regarding the VPN (Virtual Private Network) with Orange County and he states that the Chiefs in Orange County are in support of signing an information sharing agreement. SANDAG legal counsel has approved the agreement. ARJIS anticipates returning to the August 2, 2006 meeting to finalize the data sharing agreement. Los Angeles Police Department and County Sheriff have also acquired COPLINK and are interested in data sharing agreements.

9. UPCOMING MEETING  

The next meeting of the Chiefs'/Sheriff’s Management Committee is scheduled for Wednesday, August 2, 2006 at 9:30 a.m.

10. ADJOURNMENT  

The meeting was adjourned at 10:20 a.m.

Key Staff Contacts: Pam Scanlon, (619) 699-6971; psc@sandag.org  
Cynthia Burke, (619) 699-1910; cbu@sandag.org

**Guests:** Dan Newland (San Diego Police Department), John Lusardi, San Diego County District Attorney’s office, Sam Johnson and Sylvia Sievers (SANDAG, Sandy McBrayer, Children’s Initiative)

**Staff:** Barbara Jean Harris, Bard Laabs, and Barbara Montgomery (ARJIS)
INTERGOVERNMENTAL AGREEMENT
BETWEEN
SAN DIEGO ASSOCIATION OF GOVERNMENTS ON BEHALF OF SAN DIEGO AUTOMATED REGIONAL JUSTICE INFORMATION SYSTEM AND
INTEGRATED LAW AND JUSTICE AGENCY OF ORANGE COUNTY FOR SHARING LAW ENFORCEMENT INFORMATION

This Intergovernmental Agreement (IGA) is made and entered into this ____ day of ________, 2006, by and between the San Diego Association of Governments, a California Public Agency (“SANDAG”), on behalf of the San Diego Automated Regional Justice Information System, a California Joint Powers Agency (“ARJIS”), and the Integrated Law and Justice Agency of Orange County, a California Joint Powers Agency (“ILJAOC”), and is made with reference to the following:

RECITALS

WHEREAS, SANDAG is empowered to enter into agreements on behalf of ARJIS pursuant to the ARJIS Joint Powers Agreement and California Public Utilities Code section 132354, and

WHEREAS, ILJAOC is empowered to enter agreements pursuant to the ILJAOC Joint Powers Agreement, and

WHEREAS, SANDAG/ARGIS and ILJAOC desire to enter into this agreement on behalf of their various law enforcement agencies with respect to the sharing of law enforcement information via the COPLINK System, and

WHEREAS, implementation of this Intergovernmental Agreement will substantially further the public safety, health, and welfare.

NOW, THEREFORE, it is mutually agreed by and between the undersigned parties as follows:

1. OVERVIEW OF AGREEMENT

1.1 Background

ARJIS and the ILJAOC have assisted in the design and implementation of the COPLINK System, a method of sharing law and justice information that permits the electronic access to information maintained by member agencies. The
implementation of the COPLINK System serves as a solution to the problems of inaccessible or irretrievable information as a result of disparate information systems that lack a common platform and the difficulty in sharing data across jurisdictional boundaries.

The COPLINK System that has been developed is being implemented throughout the southwestern portion of the United States and elsewhere. The system will consist of centralized node agencies in specific geographic areas, each of which will connect local member agencies to the system. As COPLINK node agencies, ARJIS and ILJAOC will share law and justice information maintained by their respective member agencies.

1.2 Intended Benefits

By facilitating the sharing of public safety information with law and justice partners, ARJIS and ILJAOC member agencies can improve their responses to community crime and enhance overall investigative capacity. The COPLINK System provides sophisticated analytical tools that will enable authorized users to discover links and relationships by providing consolidated data across jurisdictional boundaries. This may allow authorized member agencies to solve previously “unsolvable” incidents and investigate serial criminal activity.

1.3 Purpose of Agreement

The purpose of this agreement is to enhance the effectiveness of law enforcement by increasing information sharing related to criminal activities and to outline conditions under which ARJIS and ILJAOC will share and use information in the COPLINK System. By signing this agreement, ARJIS and ILJAOC, as well as all individuals who operate or use the COPLINK System and are represented by those agencies, agree to adhere to the guidelines specified in this agreement and support the public benefit derived from the electronic sharing of public safety information.

1.4 Agency Participation

ARJIS is a COPLINK System data repository node containing information from law enforcement member agencies in the San Diego region. The ARJIS contributing member agencies are: San Diego Police Department, San Diego Sheriff's Department, El Cajon Police Department, La Mesa Police Department, National City Police Department, Chula Vista Police Department, Oceanside Police Department, Carlsbad Police Department, Coronado Police Department, and Harbor Police Department, along with any additional contributing law and justice agencies as may be approved by SANDAG/ARJIS.

ILJAOC is a COPLINK System data repository node containing information from law enforcement member agencies in the Orange County region. The ILJAOC contributing member agencies are: Anaheim Police Department, Brea Police Department, Garden Grove Police Department, Irvine Police Department, Newport
Beach Police Department, Orange Police Department, Orange County Superior Court, , Santa Ana Police Department, Cypress Police Department, Seal Beach Police Department, Los Alamitos Police Department, La Habra Police Department, Tustin Police Department, Laguna Beach Police Department, Fountain Valley Police Department, Fullerton Police Department, La Palma Police Department, Costa Mesa Police Department, Huntington Beach Police Department, Buena Park Police Department, Westminster Police Department, Placentia Police Department, and any additional contributing law and justice agencies as may be approved by ILJAOC [Knowledge Computing Corporation, through their participation in the ILJAOC COPLINK Use Agreement, is a participant in the indemnification provisions of that Agreement].

ARJIS and ILJAOC, their respective member agencies, and any contractors working to implement and manage the COPLINK System shall proactively cooperate to ensure System vendors and/or maintenance contractors facilitate:

1. Network access and connectivity
2. Data extracts for engineering and testing purposes
3. Production extracts
4. Required modifications to their source systems
5. Regular data updates as agreed to during the design process
6. Timely review and approval of design documents and test results.

1.5 Termination

The agreement shall continue in force until either SANDAG/ARJIS or ILJAOC provides sixty (60) days prior written notice to the other agency of its intent to terminate the other agency's access to its records through the methods provided in this agreement.

1.5.1 Emergency Suspension of Operations

The Executive Director or Chairman of the Governing Board of either Agency may temporarily suspend information sharing activities for good cause in an emergency until ratification of any termination of this Agreement occurs at the next regularly scheduled meeting of the Agencies involved.

2. AUTHORIZED RELEASE OF INFORMATION

2.1 Sharing of Information

ARJIS and ILJAOC authorize the release of information residing in their members' records management systems to all authorized users of the COPLINK System as permitted by law. It is the responsibility of ARJIS and ILJAOC to specify which data points to share and any other special requirements. ARJIS and ILJAOC will participate in several testing sessions, where they will validate and ensure that their information is accurately reflected.
A. California law prohibits the release of victim information in specific sex related crimes to unauthorized users.

2.2 Limitation on Information Sharing

Information contributed by ARJIS and ILJAOC member agencies shall only be shared with or released to authorized agencies. Only authorized agency employees that have an approved login and password will be allowed to access or use information in the COPLINK System. All queries must only be made by such users.

2.3 Liability

Each member agency of ARJIS and ILJAOC is solely responsible and liable for any damages, losses, claims, judgments, and expenses resulting from injury to any person or damage to any properties, which arise out of its own employee’s performance and use of the COPLINK System.

2.4 Indemnification

Each member agency of ARJIS and ILJAOC that accesses information through the COPLINK System shall indemnify, defend, and hold harmless the other member agencies of ARJIS and ILJAOC, their County or Cities, City Councils, Board of Supervisors and other elected officials, boards and commissions, officers, agents, and employees (collectively, the “Indemnified Parties”) from and against any and all claims (including, without limitation, claims for bodily injury, death, or damage to property), demands, obligations, damages, actions, causes of action, suits, losses, judgments, fines, penalties, liabilities, costs, and expenses (including, without limitation, attorney’s fees, disbursements, and court costs) of every kind and nature whatsoever (individually a “Claim;” collectively, “Claims”), which may arise from the improper use or release of information obtained through the COPLINK System by the accessing ARJIS or ILJAOC member agency, including as a result of the negligent and/or willful acts, errors, and/or omissions of the accessing member agency, its principals, officers, agents, employees, elected officials, and anyone employed directly or indirectly by them or for whose acts they may be liable.

Notwithstanding the foregoing, nothing herein shall be construed to require a member agency of ARJIS or ILJAOC to indemnify the Indemnified Parties from any Claim arising from the sole negligence or willful misconduct of the Indemnified Parties. Nothing in this indemnity shall be construed as authorizing any award of attorney’s fees in any action on or to enforce the terms of this Agreement. This indemnity shall apply to all claims and liability regardless of whether any insurance policies are applicable. The policy limits do not act as a limitation upon the amount of indemnification to be provided by the accessing agency.

2.5 Internal Audit
Each member agency of ARJIS and ILJAOC shall have their System Administrator conduct an internal audit on a periodic basis to ensure information is reasonably up to date and user queries are made for legitimate law enforcement purposes.

3.0 INFORMATION OWNERSHIP

3.1 Ownership

Individual member agencies of ARJIS and ILJAOC retain control of all information they provide through the COPLINK System at all times. Each individual member agency is responsible for creating, updating, and deleting records in its own records management system or database, according to its own policies. The originating agency is solely responsible for the completeness and accuracy of its source data.

3.2 Unauthorized Requests

Any request for access to information hosted in the COPLINK System that is not authorized for viewing will be referred to the agency that owns the information being requested. Except as required by law, information shall not be released or made available to any unauthorized requestor without the approval of the agency having ownership of the original source data.

4. UNDERSTANDING ON ACCURACY OF INFORMATION

4.1 Accuracy of Information

ARJIS and ILJAOC agree that the data maintained in the COPLINK System consists of information assumed to be accurate; however, data inaccuracies can arise for multiple reasons (e.g., entry errors, misinterpretation, outdated data). It is the responsibility of the individual member agency requesting or using the data to confirm the accuracy of the information with the owning agency before taking any enforcement-related action.

4.2 Timeliness of Information

As a part of the COPLINK System design process, each member agency of ARJIS and ILJAOC determines the frequency with which their data will be refreshed in COPLINK. In addition, individual member agencies have their own policies and speed at which incidents are recorded in their records management systems. Since changes or additions to data do not get updated in COPLINK on a real-time basis, agencies recognize that information may not always be timely and relevant. It is the responsibility of the agency requesting the data to confirm the timeliness and relevance of the information with the owning agency. Additionally, a data refresh schedule will be published by the System Administrator to enable a user to determine the potential timeliness of each agency’s data.

4.3 Hold Harmless
To the extent permitted by law, individual member agencies of ARJIS and ILJAOC agree to hold information owners harmless for any information which is in the COPLINK repository, or any action taken as a result of that data, regardless of whether the data is accurate or not, or any time delay associated with changes, additions, or deletions to the information contributed.

5.0 USER ACCESS

5.1 Login Application Process

Each member agency of ARJIS and ILJAOC shall appoint their own agency-specific System Administrator who is responsible for management of user accounts at that agency. An overall Network System Administrator will also be appointed. The user may submit a request for a login and password to their Agency System Administrator. The individual member agency agrees that all users shall be current employees and be authorized to review criminal history data for legitimate purposes. The Agency System Administrator may deny or revoke individual access in their sole discretion.

5.2 Login Assignment

Each individual user of an ARJIS and ILJAOC member agency will be issued a user login and a default password by their Agency System Administrator. Upon logging into COPLINK for the first time, each user will change the default password to another password. Users may also be assigned to groups that have different access rights to the information in the system based on the level of restriction of the information.

5.3 Provision of Policy

The Agency System Administrator must provide a copy of the terms and conditions of this policy to all users when they are issued a login ID for the system.

5.4 Limitations on Use of Logins

Each user must comply with the IGA guidelines. A user may not access COPLINK by using a name or password that was assigned to another user. A user cannot give their password to another person, including another user, to access the system.

5.5 Audit Trail

Each transaction on COPLINK is logged and an audit trail created, which is resident on the System for a minimum of three years. Requests for transaction logs shall be made in writing through the requestor’s chain-of-command to their Agency System Administrator.
5.6 Termination of Logins

Participating member agencies of ARJIS and ILJAOC will be responsible (through their Agency System Administrator) for timely removal of any login accounts as users leave the agency or as they fail to meet the requirements for access to the System.

6.0 INTENDED USE OF THE SYSTEM

6.1 Intended Use

Each ARJIS and ILJAOC member agency user agrees that the use of the COPLINK System, the information contained in it, and the networking resources provided are for reasons related to the mission of the ARGIS and ILJAOC member agencies. Users acknowledge that the information hosted in the COPLINK System will be shared and used for authorized purposes only permitted by law. No user can use or share the information for any unethical, illegal, or criminal purpose.

7.0 UNDERSTANDING ON CONFIDENTIALITY OF INFORMATION

7.1 Information Confidentiality

Each ARJIS and ILJAOC member agency user agrees that information in the COPLINK System is confidential and is not subject to public disclosure, except as required by law. Only agency employees that have an authenticated login and password are allowed to view and use the information. The information will otherwise be kept confidential.

7.2 Internal Requests for Information

A COPLINK System user who receives a request from a non-authorized requestor for information in the COPLINK System (of which they are not the originating source) shall not release that information, but may refer the requestor to the agency that is the source. A COPLINK System user who receives a court order to release information in the COPLINK System will immediately provide a copy of the court order to the owner/source agency that originally provided the information and to their own Agency System Administrator. The owner/source agency is responsible for preparing a timely response to the court order or, in the event of a failure to respond, allows the receiving agency to respond as necessary to comply with the order. Any challenge or objection to the order is the responsibility of the owner/source agency.

7.3 Confidential Records

A member agency of ARJIS and ILJAOC that does not want data made available from its records management system to any COPLINK user is responsible for ensuring that the data is not included in a data transfer to the COPLINK System.
An agency that only wants data from its records management system to be made available to a select group of COPLINK users is responsible for placing the appropriate restriction indicator on the underlying data in the agency's internal records management system or database.

7.4 Removal or Expungement of Records

As part of the design of an agency’s data updates, the period at which a record deletion, removal expungement or other edit is transferred to the repository from the source system will be defined. If an agency requires a record edited, removed, or otherwise changed in a more timely manner, they are responsible for contacting the maintenance contractor (currently Knowledge Computing Corporation) directly and arranging for such a change to be manually processed to their data.

8.0 SYSTEM ACCESS

8.1 Network Access

Access to ARJIS and ILJAOC member agencies’ information will be provided utilizing a secure network configuration that is mutually acceptable to ARJIS and ILJAOC.

8.2 System Availability

The information residing in the COPLINK System shall be available on a 24-hour a day, 7 days a week basis with downtime limited to those hours required for any necessary System maintenance activities. ARJIS and ILJAOC member agencies agree to inform each other in advance, whenever possible, of scheduled System downtimes.

9.0 AGREEMENT TERMS

9.1 Term

The term of this Agreement will commence on the date that is adopted by SANDAG/ARJIS and the ILJAOC.

9.2. Changes to Agreement

Based on ongoing monitoring of the COPLINK System, SANDAG/ARJIS and ILJAOC may propose other changes to this Agreement. It may be modified or amended only by a written document executed by both SANDAG/ARJIS and ILJAOC.

9.3 Supplemental Policies
All ARJIS and ILJAOC member agencies that operate their own computers or networks may add individual guidelines which supplement, but do not relax, this Agreement.

9.4 Sanctions for Non-Compliance

If any member agency of ARJIS and ILJAOC violates the guidelines of this Agreement with regard to accessing, sharing, or using information, that agency may be disconnected from the COPLINK System. The offending agency will be provided with a 60 day written notice of the violation and the opportunity to correct the violation. Failure to meet the terms of this Agreement will result in the termination of System access for the offending agency. All disputes concerning System access shall be determined by mutual agreement of the Governing Boards of both ARJIS and ILJAOC.

10.0 SIGN-OFF ON EXECUTION OF POLICY

By signing this Agreement, SANDAG/ARJIS and ILJAOC, including their participating member agencies and all representatives contributing or using information from the COPLINK System, agree to implement and adhere to the provisions as outlined.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed on the day and year first written above.
