Chief David Bejarano (Chula Vista Police Department) provided an update on the Public Safety Committee (PSC) meeting held on October 15, 2010. Key agenda items were the recommendation to approve an amendment to the FY 2011 Budget and Overall Work Program to accept $299,136 to complete objectives associated with evaluation of cross-jurisdictional task forces, the approval for additional funds of $486,000 to the ARJIS FY 2011 Program Budget and Overall Work Program from FY 2010 carryover, the SANDAG public safety related goals for the 2011 legislative program with the addition of two additional goals (Goal #4: Wording to support changes in local, state, and federal legislation to allow agencies to apprehend and convict those involved in internet crimes against children to assure stiffer penalties to those convicted of these crimes and Goal #5: Supervisor Greg Cox (County of San Diego) proposed the consideration of allowing a small portion of the funds recovered from the perpetrators of Graffiti Tracker to help fund the program of Graffiti Tracker for the benefit of the San Diego region). There was a panel discussion on 2050 regional growth forecast and possible implications for public safety. The four panel members were Chief William M. Lansdowne (City of San Diego), Sheriff William D. Gore (San Diego County Sheriff), Chief Probation Officer Mack Jenkins (San Diego County Probation

Department), and Director Nick Macchione (San Diego County Health and Human Services Agency). Program Manager Donna Faller (Office of Homeland Security, City of San Diego) gave an overview of the Homeland Security Grant Program which included the priorities for the San Diego region. The November 12, 2010 PSC meeting is cancelled. The next PSC meeting is scheduled for December 10, 2010.

5. INTERNATIONAL ASSOCIATION OF CHIEFS OF POLICE (IACP) CONFERENCE UPDATE (INFORMATION)

Ms. Scanlon noted that she, Chief Bejarano, and Chief Lou Scanlon (Coronado Police Department) attended the recent IACP Conference in Florida.

Chief Bejarano stated there was discussion on immigration and Proposition 19. Budgets are a big concern nationwide with cities experiencing layoffs and with it (layoffs) spikes in crime. Social media was a big topic and the need to go back to community policing.

Chief Scanlon noted that Vice President Biden spoke. The next IACP meeting will be held next year in Chicago, Illinois. Social media for law enforcement and crime prevention was a big topic in that 81% are using social media, but only about 20% have a policy and that there is a need to get policies in place.

6. MAPPING – DASHBOARD DEMONSTRATION (INFORMATION)

Mr. Milan Mueller (Omega Group) gave a demonstration on the Dashboard Mapping Technologies. Mr. Mueller gave a demonstration at the IACP in Florida.

Assistant Chief Cory Moles (Escondido Police Department) inquired on how flexible it would be for commands to generate a view and save.

Mr. Mueller stated that staff would be trained to modify to their own use. The technology is there and is designed to modify as you need it with two separate views (individual or shared). A hot sheet could be created for “alerts”. Mr. Mueller stated that they (Omega) set up a basic framework for the agency with a starting point. A “system administrator” would be trained for support. Omega also has customer support.

Ms. Scanlon stated that through the SharePoint portal, the ARJIS law enforcement mapping site will be available and the dashboard could be integrated with the new SharePoint site.

Assistant Chief Moles asked about the timeframe.

Mr. Mueller stated that this is functional, in the ARJIS database; and pending the procurement process, it probably could be running in a couple of months based on existing law enforcement applications.

Ms. Scanlon stated that in doing Enterprise ARJIS, ARJIS already has mapping as a deliverable for the SharePoint Portal. Ms. Scanlon will return to the Committee with an update on how much it would cost.

7. SOCIAL MEDIA (INFORMATION)

Ms. Scanlon gave an overview of the newly released IACP Social Media website.
8. LEADS PAWN SYSTEM (INFORMATION)

Detective Ed Lane, Mr. Matt Christensen, and Ms. Marivi Mullen (Oceanside Police Department) gave a demonstration on the Leads Pawn System.

Detective Lane stated that LEADS is a web-based site that allows the Police Department to access the pawn information. This is the same information that Pawn Shops enter on a daily basis. LEADS helps in identifying offenders since they are mobile. One can search California or nationwide. There is no software to download; it is all web-based.

Chief Lanning asked if the system is capable to search on text.

Detective Lane stated yes, one can search on description. It helps if the pawn shop is more specific in their description.

Assistant Chief Moles stated he would be willing to explore the option of a county-wide application.

Chief McCoy stated he would investigate the price with LEADS and reply.

Detective Lane stated that LEADS offers a 30-day trial period with training.

Chief of Investigations Robinson asked if there are any competitors.

Assistant Chief Moles asked about the cost.

Chief McCoy believes it cost Oceanside $10,000. He would like to have pawn shops pay for this. If county-wide it would be a good application for everyone.

Chief Scanlon asked if pawn shops are required to enter the information and who currently is using LEADS. He also asked if the $10,000 price is for unlimited users.

Detective Lane stated that compliance means that stores have complied with all state codes. LEADS, by reviewing tickets, can see if not entering all the information that is required. Oceanside, National City, and Chula Vista currently use LEADS. There is competition but not sure of the vendors.

Commander Mike Lawton (Coronado Police Department) believes there are different plans depending on how many users access the system.

Chief McCoy stated that Oceanside has been 100% compliant. If approaching as county-wide price, would have leverage buying collectively.

Chief Bejarano stated that the store (pawn shop) gets a benefit too. They can use this for their inventory list. In Chula Vista, the pawn shops are 100% compliant.

Commander Lawton stated one of the benefits of LEADS is the out of the county information.

Chief Scanlon asked if eBay is entering information.
Commander Lawton noted that he inquired with LEADS; eBay does not enter, but does allow queries on line.

Captain Grigsby asked if it would be possible to get access on the Portal.

Ms. Scanlon noted that it could be possible.

It was noted that in Northern California, the metal recycling shops are entering information regarding copper sales.

Captain Reginald Grigsby (Oceanside Police Department) noted that Turlock, CA serves as a model state-wide with a good policy in place.

Detective Lane stated he found a missing person on LEADS. It is a good database to search.

Chief Scanlon suggested giving direction to staff to get a ball-park price because we have infrastructure and data set up.

Chief McCoy would like a county-wide application and if so, do a request for proposal (RFP).

Ms. Mullen noted that Oceanside Police Department has not uploaded pawn data in ARJIS since the 1980’s.

The directive was for staff to get price information working with Oceanside PD and return to the Committee as a follow-up.
