Adopted by the Board of Supervisors in October 2012—with support from the Sheriff's Department and District Attorney's Office—the Initiative is a collaborative effort between government agencies, the business community, and non-profit organizations with the goal of making San Diego the safest County in the nation over the next 10 years. Focus areas include lowering the crime rate through prevention, reducing unintentional injuries in the community, and increasing the number of residents who are prepared for natural disasters.
