Meeting Notice

And Agenda

San Diego Regional Military Working Group

The San Diego Regional Military Working Group may take action on any item appearing on this agenda.

Monday, January 12, 2015

3 To 4:30 p.m.

SANDAG, 7th Floor Conference Room
401 B Street, Suite 800
San Diego, CA 92101

Staff Contact:  Jane Clough
(619) 699-1909
jane.clough@sandag.org

AGENDA HIGHLIGHTS

• SAN DIEGO FORWARD: THE REGIONAL PLAN: REVENUE CONSTRAINED NETWORK

• COLLABORATION ON REGIONAL ALTERNATIVE FUEL MAPPING

SANDAG offices are accessible by public transit. Phone 511 or see 511sd.com for route information. Secure bicycle parking is available in the building garage off Fourth Avenue.

In compliance with the Americans with Disabilities Act (ADA), SANDAG will accommodate persons who require assistance in order to participate in SANDAG meetings. If such assistance is required, please contact SANDAG at (619) 699-1900 at least 72 hours in advance of the meeting.

To request this document or related reports in an alternative format, please call (619) 699-1900, (619) 699-1904 (TTY), or fax (619) 699-1905.
The San Diego Regional Military Working Group (Working Group) is asked to review and approve the minutes from its October 27, 2014, meeting.

Members of the public shall have the opportunity to address the Working Group on any issue within the jurisdiction of SANDAG that is not on this agenda. Anyone desiring to speak shall reserve time by completing a “Request to Speak” form and giving it to the working group coordinator prior to speaking. Public speakers should notify the working group coordinator if they have a handout for distribution to working group members. Public speakers are limited to three minutes or less per person. Working group members also may provide information and announcements under this agenda item.

Members of the Working Group shall have the opportunity to share news and information regarding their jurisdiction or installation of interest to the group.

The Chair will report out on issues of interest to the Working Group that have been brought to the Regional Planning Committee.

On September 12, 2014, the SANDAG Board of Directors accepted the Blended Scenario as the preferred Revenue Constrained Transportation Scenario for use in developing the Draft San Diego Forward: The Regional Plan. Staff will present the transportation network which forms the basis of San Diego Forward: The Regional Plan. Staff will also highlight improvements near military installations. Attached is staff report that went to the Board of Directors on September 12. It provides an overview of the network, maps, and lists of projects for the Working Group’s information.
+6. TRAFFIC COUNTS ON MILITARY BASE GATES - IMPROVING INPUT TO THE ACTIVITY BASED MODEL (Wu Sun)

SANDAG recently developed an Activity-Based Model (ABM) that serves as the major travel forecasting tool in the San Diego region. This model has been developed to ensure that the regional transportation planning process can rely on forecasting tools adequate for new socioeconomic environments and emerging planning challenges.

Parsons Brinkerhoff (PB) has been selected to provide consulting services to SANDAG for ABM improvement and maintenance. In FY 2015, a key improvement is to improve travel modeling of military personnel at the military bases. SANDAG will coordinate with PB and the Department of Defense to obtain traffic counts at military bases. The consultant will compare model predicted trips to gate counts and make model adjustments to better match observed counts.

The purpose of this item is to outreach to the Working Group for advice and support on the logistics and procedures of obtaining traffic count permits at military base gates.

7. COLLABORATION ON REGIONAL ALTERNATIVE FUEL MAPPING (Anna Lowe)

One action item from the July Military-SANDAG workshop was to collaborate on the creation of geographic information system maps that identify Alternative Fuel (AF) stations (on- and off-bases) in the region. Through an AF readiness planning grant from the California Energy Commission, SANDAG and the Center for Sustainable Energy are developing a series of maps, by fuel. Initial off-base mapping results will be presented and direction on capturing on-base sites will be sought from the Working Group.

8. POSSIBLE TOPICS FOR NEXT MEETING AND ADJOURNMENT (Mike Woiwode, Working Group Chair)

The Working Group is asked to discuss possible topics for the next quarterly meeting and to determine a date/time for that meeting.
