FY 2016 PROGRAM BUDGET AMENDMENT: SAN DIEGO COMMUNITY COURT

Introduction

In March 2015 SANDAG partnered with the San Diego City Attorney’s Office and the San Diego County Sheriff’s Department to respond to a SMART Prosecution grant solicitation from the federal Bureau of Justice Assistance. As part of the grant application, partners proposed expanding the San Diego Community Court (SDCC) and evaluating its effectiveness to inform other national efforts. SANDAG was recently notified the grant was approved through a competitive process.

Discussion

The SDCC is a new post-plea diversion initiative designed to provide accountability, early intervention, and swift consequences for eligible misdemeanor offenders. Clients can earn a dismissal of their case after successful completion of community court terms. Currently, SDCC terms require participants to complete 16 hours of work service with a specified service provider and pay an administrative fee. Failure to comply with SDCC requirements results in sanctions, which include a jail alternative. The SDCC was created with the intention of providing immediate accountability and to access social services, as well as promoting positive community stewardship.

As part of this project, four expansion goals are outlined that include assessing SDCC clients on their risk and need, better linking clients to service providers, strengthening the current documentation effort to ensure decisions and strategies are informed by data, and engaging with the community to a greater degree to ensure restorative justice. The SANDAG role would be limited to serving as the fiscal agent for the grant, and as the evaluation partner to determine if the expansions were implemented as planned, measure outcomes (including recidivism for up to six months after referral) for SDCC clients and a comparison group, and track the cost-benefit of the program.

Recommendation

The Public Safety Committee is asked to approve an amendment to the FY 2016 Program Budget to accept $415,599 in funding for a two-year grant, which calls for SANDAG to conduct a process and impact evaluation for the expansion of the San Diego Community Court.

THE ROAD AHEAD

Thank you
Law enforcement agencies have defined jurisdictions within San Diego County.
AB 109 risk population is spread throughout San Diego County and re-offenses will occur in and across all jurisdictions.

Risks created by AB 109 realignment are regional.

**RISK MANAGEMENT CONCEPT**

**AB 109 AND PROP. 47 IMPACT IS REGIONAL**

**EVALUATION**

**AB 109 AND PROP. 47 IMPACT ON LOCAL ENFORCEMENT**

**AB 109 = SHIFTING OF RESPONSIBILITIES**

REDISTRIBUTION OF RISKS

OPERATIONAL RISK
LIABILITY RISK
FINANCIAL RISK
RE-OFFENDER RISK
POLITICAL RISK
No one agency has the resources and answers to the pressing issues associated with realignment and Prop. 47, but working together, the agencies can leverage each other’s resources to achieve the common goals of securing our neighborhoods and preventing crime.
San Diego Region has implemented the concept that embodies the “layered, integrated, comprehensive” strategy to combat risks associated with realignment and Prop. 47.

**COLLABORATIVE:** Sharing of information/intelligence and resources to track/monitor risk population and apprehend them when they re-offend.

**COMPREHENSIVE:** All-threats approach because of the wide range of criminal threats posed by those in local custody, probationers under local supervision, and newly discharged state parolees.

**COORDINATED:** Uniform AB 109 policies and procedures among local law enforcement agencies facilitate handling of re-offenders and other issues resulting from AB 109 implementation.

**CONSOLIDATED:** Unified front regarding AB 109 increases political effectiveness, especially regarding adequate funding for AB 109 costs incurred by local law enforcement.
