Foundation for the Future

- Interfacing all the systems within public safety/transportation
  - Computer Aided Dispatch
  - Records Management Systems
  - Sharing critical information between agencies
  - Transportation data
  - Hazard materials data
Foundation for the Future

Voice interoperability using:
- Voice over IP
- New communication systems
- Connecting existing systems

Future applications
- Health and safety devices for public safety
- Other data/communication
We have put documents and our newsletters on the web site for your review.

www.capwin.org
