### GRANT APPLICATION QUESTIONS

---

**Points calculated by SANDAG staff are marked with an asterisk (\*).**

#### **1. RELATIONSHIP TO REGIONAL TRANSIT SERVICE\* (7.5% of total points)**

*NOTE: SANDAG staff will calculate the points awarded for this criterion based on the currently adopted Regional Transportation Plan Network. No information is needed from the Applicant for this section.*

The relationship to regional transit within the SGOA will be scored as indicated below. (Up to 5 points possible with weight multiplier of 3)

- SGOAs with **existing** regional or corridor transit infrastructure – 5 points
- SGOAs with **programmed** regional or corridor transit infrastructure or **existing** high frequency local transit infrastructure and service – 3 points
- SGOAs with **planned** regional or corridor transit infrastructure, or **programmed** or **planned** high frequency local transit infrastructure and service – 1 point

*NOTE: Rural Villages are not scored on this criterion because the place type does not require transit service. Consequently, Rural Village scores will be normalized to the total 200 points available to other place types.*

#### **2. SMART GROWTH DEVELOPMENT POTENTIAL OF PROPOSED PLANNING AREA (10% of points)**

Provide vicinity maps as **Attachment 3** showing the project location and local/regional street, bicycle, transit, and highway facilities within and near the project area. If available, provide a GIS project footprint shapefile (zipped file) as **Attachment 3A**.

*This question continues onto the next page.*

**PLANNING GRANTS APPLICATION**

**2. SMART GROWTH DEVELOPMENT POTENTIAL OF PROPOSED PLANNING AREA (10% of points) - Continued**

This criterion focuses on evidence of opportunities to develop smart growth plans or projects at, or above, the densities for the area’s smart growth place type in the proposed planning area. Describe the smart growth development potential of the proposed planning area. Can the area support development at or above the densities for the area’s smart growth place type? Is there land available for redevelopment or zoning? Would the existing or future urban form support smart growth development? *(Up to 5 points possible with weight multiplier of 4)*

**PLANNING GRANTS APPLICATION**

**3. PROPOSED PROJECT GOALS AND OBJECTIVES (10% of total points)**

Describe the project objectives. How well do the proposed project objectives support smart growth development in the planning area? Would the plan result in development that increases transportation and housing choices? *(Up to 6.67 points possible with weight multiplier of 3)*

**PLANNING GRANTS APPLICATION**

**4. METHOD TO ACCOMPLISH PROJECT OBJECTIVES (15% of total points)**

Based on information provided in **Attachment 4**, briefly summarize the Scope of Work. How will the Planning Project accomplish the stated objectives? How well does the Scope of Work facilitate meeting the objectives and include public outreach? Note: If awarded for funding, the response in this section may become requirements reflected in the Grant Agreement with SANDAG. *(Up to 6 points possible with weight multiplier of 5)*

**PLANNING GRANTS APPLICATION**

**5. IMPLEMENTATION (17.5% of total points)**

Is the planning process ready to go? Will it result in specific implementation actions such as zoning changes or a master EIR, or in other regulatory mechanisms that facilitate smart growth or lead directly to an implementable development or capital project? *(Up to 7 points possible with weight multiplier of 5)*

**PLANNING GRANTS APPLICATION**

**6. EVIDENCE OF LOCAL COMMITMENT/COMMUNITY SUPPORT (5% of total points)**

How has your jurisdiction demonstrated a commitment to implement smart growth? This commitment may be demonstrated through existing plans, policies, incentives, ordinances, or approved smart growth projects. How will the planning process engage the community and involve a diverse group of stakeholders to help develop consensus for smart growth? Is the proposed Planning Project supported by the community? *(Up to 2.5 points possible with weight multiplier of 4)*

**7. MATCHING FUNDS\* (10% of total points)**

*NOTE: SANDAG staff will calculate the points awarded for this criterion.*

Include as part of **Attachment 2** supporting documentation demonstrating that matching funds have been secured AND detailing the source(s) of matching funds. Matching funds that have not been secured will not count toward this score.

Points for this criterion will be calculated by SANDAG by dividing the total project cost as proposed in the application by the grant request. The projects will be awarded points proportionately on a scale of 0 to 20 based on the statistical distribution of matching fund quotients. The project(s) with the largest quotient will receive 20 points, and the project(s) with no matching funds will receive no points. No information is needed from the Applicant for this section. *(Up to 20 points possible)*

**8. REGIONAL HOUSING NEEDS ASSESSMENT – POLICY NO. 033 POINTS (25% of total points)**

*NOTE: SANDAG staff will calculate the points awarded for this criterion based on the methodology outlined in SANDAG Board Policy No. 033: Implementation Guidelines for SANDAG Regional Housing Needs Assessment Funding Incentives.*

Calculations are based on information that jurisdictions have provided to SANDAG through their annual reports to the Department of Housing and Community Development and data provided on “at risk” units preserved and units that have been acquired/rehabilitated/rent restricted. No information is needed from the Applicant for this section. *(Up to 50 points possible with weight multiplier of 1)*
