Welcome to the first edition of the Mid-Coast Corridor Transit Project eNewsletter. This newsletter will provide you with up-to-date information about this important expansion of San Diego’s regional transit system.

**SANDAG convenes Mid-Coast Corridor Transit Project Working Group**

In July 2009, the SANDAG Board of Directors appointed the Mid-Coast Corridor Transit Project Working Group to provide input to SANDAG throughout the environmental review process for the project. Composed of a diverse range of stakeholders throughout the Mid-Coast Corridor, Project Working Group members also will help circulate project information by reporting back to the groups they represent. Chaired by County of San Diego Supervisor Ron Roberts, the group held its first meeting on September 9, 2009. The group received information about their role in the process, as well as background information on the project, its history and current status. The next meeting is scheduled for Wednesday, October 7 from 3:30-5:00 p.m. at SANDAG. All meetings are open to the public. To view the meeting agenda and access a Webcast of the meeting, please visit the Project Working Group site.

**Comments sought on Mid-Coast Public Involvement Plan**

SANDAG has embarked on a multi-faceted public involvement program to engage the public in the development process for the Mid-Coast Corridor Transit Project. In May 2009, the SANDAG Board of Directors accepted the draft Mid-Coast Corridor Transit Project Public Involvement Plan for public review and comment. This plan details how SANDAG will provide opportunities for public participation in the process. To view or download the draft Public Involvement Plan, visit [www.sandag.org/midcoast](http://www.sandag.org/midcoast).

**Mid-Coast project featured on KeepSanDiegoMoving.com Web site**

The Mid-Coast Corridor Transit Project is one of the featured projects on the KeepSanDiegoMoving.com Web site, home to information about TransNet Early Action Projects. TransNet, the local half cent sales tax dedicated to regional transportation improvements, was renewed by voters in 2004. At KeepSanDiegoMoving.com, you will find the latest project updates, the TransNet dashboard with schedule and budget status, and information about how you can get involved. You also may submit comments and questions about the project and link to the SANDAG Web site for easy access to project reports, meeting agendas, and Webcasts.

**What is the Mid-Coast Corridor Transit Project?**

The Mid-Coast Corridor Transit Project will extend transit service from the Old Town Transit Center north to the University City community, serving major destinations including Westfield UTC, UCSD, and downtown San Diego.
