

MID-COAST CORRIDOR TRANSIT PROJECT

Welcome to the April edition of the Mid-Coast Corridor Transit Project eNewsletter. This newsletter will provide you with up-to-date information about this important expansion of San Diego's regional transit system.

Project Working Group meeting

The April meeting of the Mid-Coast Corridor Transit Project Working Group (PWG) is scheduled for Wednesday, April 7, 2010. At the March 17, 2010, PWG meeting, staff provided members with an overview of the findings of the Draft Comparative Evaluation of Alternatives Report and the initial schedule of the scoping process. This information also was presented to the SANDAG Transportation Committee and Board of Directors on March 19, 2010, and March 26, 2010, respectively. A Special Information Session was also held on March 29, 2010, to provide PWG members an additional opportunity to ask questions of the technical team on the information presented in the report.

At the April 7 PWG meeting, members will have additional discussion on the report and will be asked to recommend alternatives for scoping to the SANDAG Transportation Committee. To view the meeting agenda and access a Web cast of the meeting, please visit the [Project Working Group site](#).

Mid-Coast Corridor Transit Project Scoping Period

The scoping period for the Mid-Coast Corridor Transit Project is tentatively scheduled to begin on May 3, 2010, and continue through June 1, 2010. Five scoping meetings will be held in locations throughout the Mid-Coast Corridor: SANDAG offices, Caltrans District 11, Western Clairemont, University City and UCSD. These meetings are open to the public and will provide a forum for comments and input to be received from the public on the project. Notice and specific details for these meetings will be posted on www.sandag.org/midcoast. If you are interested in requesting a presentation from SANDAG staff for your civic or neighborhood association or group, please contact Anne Steinberger at (619) 699-1937 or ast@sandag.org.

What is the Mid-Coast Corridor Transit Project?

The Mid-Coast Corridor Transit Project will extend transit service from the Old Town Transit Center north to the University City community, serving major destinations including Westfield University Towne Centre shopping mall, UCSD and downtown San Diego.
