

MID-COAST CORRIDOR TRANSIT PROJECT

Welcome to the May edition of the Mid-Coast Corridor Transit Project eNewsletter. This newsletter will provide you with up-to-date information about this important expansion of San Diego's regional transit system.

SANDAG Board Moves Mid-Coast Corridor Transit Project Alternatives forward to Scoping

On April 23, 2010, the SANDAG Board of Directors approved three project alternatives to move forward to Scoping for the Mid-Coast Corridor Transit Project. The Scoping period is an important milestone in the project development process. It provides an opportunity for the public to weigh in at an early phase in the environmental review process for the project. The three alternatives that will move forward to Scoping are all Light Rail Transit (Trolley) alternatives. Information about alternatives that have been recommended for elimination from further review will also be available during Scoping for public review and comment.

Comments Sought at Mid-Coast Corridor Transit Project Scoping Meetings

SANDAG wants to hear from you ... The Scoping period for the project begins on May 3 and runs through June 1, 2010. During this time, public input on the project is being sought on alternatives, the project purpose and need, and issues to be studied in the environmental document. Five open house Scoping meetings in locations throughout the Mid-Coast Corridor have been scheduled for members of the public to learn more about the project and offer comments. [Notice and details of these meetings](#) is available on the Web site.
