**Thursday, February 22, 2007**  
6 to 8 p.m.

Del Mar City Hall Annex  
1050 Camino Del Mar  
Del Mar, CA 92014

# Informational Meeting on Del Mar Bluff Stabilization Project

**Thursday, February 22, 2007 at 6 to 8 p.m.**

Del Mar City Hall Annex  
1050 Camino Del Mar • Del Mar, CA 92014

SANDAG soon will begin work to stabilize the bluffs along the railroad tracks within the North County Transit District railroad right-of-way. Most of the work will be done along the tracks between where 11th and 15th streets would intersect the tracks. Another area to be stabilized is located where 8th Street would intersect the tracks with one final area located just north of Torrey Pines State Beach at Anderson Canyon.

The work is scheduled to begin in March 2007. The most significant portion of the work will take place nightly Sunday through Thursday evenings from approximately 10 p.m. to 6 a.m. It is anticipated that this work will be completed within a year.

Come to the informational meeting to hear more about the stabilization process and schedule.

For more information, call Ramon Ruelas, Project Manager, at (619) 699-6944 or visit [www.sandag.org/delmarbluffs](http://www.sandag.org/delmarbluffs)
