TRANSPORTATION COMMITTEE AGENDA

Friday, December 14, 2012
9 a.m. to 12 noon
SANDAG Board Room
401 B Street, 7th Floor
San Diego

AGENDA HIGHLIGHTS

- PROPOSED FY 2013 BUDGET AMENDMENT: PALOMAR STREET GRADE SEPARATION PROJECT REPORT AND ENVIRONMENTAL DOCUMENT
- BLUE AND ORANGE LINE TROLLEY CORRIDOR UPDATE

PLEASE TURN OFF CELL PHONES DURING THE MEETING

YOU CAN LISTEN TO THE TRANSPORTATION COMMITTEE MEETING BY VISITING OUR WEB SITE AT WWW.SANDAG.ORG

MISSION STATEMENT
The 18 cities and county government are SANDAG serving as the forum for regional decision-making. SANDAG builds consensus, makes strategic plans, obtains and allocates resources, plans, engineers, and builds public transit, and provides information on a broad range of topics pertinent to the region’s quality of life.

San Diego Association of Governments · 401 B Street, Suite 800, San Diego, CA 92101-4231
(619) 699-1900 · Fax (619) 699-1905 · www.sandag.org
Welcome to SANDAG. Members of the public may speak to the Transportation Committee on any item at the time the Committee is considering the item. Please complete a Speaker’s Slip, which is located in the rear of the room, and then present the slip to the Clerk of the Committee seated at the front table. Members of the public may address the Committee on any issue under the agenda item entitled Public Comments/Communications/Member Comments. Public speakers are limited to three minutes or less per person. The Transportation Committee may take action on any item appearing on the agenda.

In order to keep the public informed in an efficient manner and facilitate public participation, SANDAG also provides access to all agenda and meeting materials online at www.sandag.org/meetings. Additionally, interested persons can sign up for e-notifications via our e-distribution list at either the SANDAG Web site or by sending an e-mail request to webmaster@sandag.org. Any handouts, presentations, or other materials from the public intended for distribution at the Transportation Committee meeting should be received by the Clerk of the Committee no later than 12 noon, two working days prior to the meeting.

SANDAG operates its programs without regard to race, color, and national origin in compliance with Title VI of the Civil Rights Act. SANDAG has developed procedures for investigating and tracking Title VI complaints and the procedures for filing a complaint are available to the public upon request. Questions concerning SANDAG nondiscrimination obligations or complaint procedures should be directed to SANDAG General Counsel, John Kirk, at (619) 699-1997 or John.Kirk@sandag.org. Any person who believes himself or herself or any specific class of persons to be subjected to discrimination prohibited by Title VI also may file a written complaint with the Federal Transit Administration.

In compliance with the Americans with Disabilities Act (ADA), SANDAG will accommodate persons who require assistance in order to participate in SANDAG meetings. If such assistance is required, please contact SANDAG at (619) 699-1900 at least 72 hours in advance of the meeting. To request this document or related reports in an alternative format, please call (619) 699-1900, (619) 699-1904 (TTY), or fax (619) 699-1905.

SANDAG agenda materials can be made available in alternative languages. To make a request call (619) 699-1900 at least 72 hours in advance of the meeting.

Los materiales de la agenda de SANDAG están disponibles en otros idiomas. Para hacer una solicitud, llame al (619) 699-1900 al menos 72 horas antes de la reunión.

如有需要，我们可以把SANDAG议程材料翻译成其他语言。

请在会议前至少72小时打电话(619) 699-1900 提出请求。

SANDAG offices are accessible by public transit. Phone 511 or see 511sd.com for route information.
Bicycle parking is available in the parking garage of the SANDAG offices.
ITEM #: APPROVAL OF NOVEMBER 9, 2012, MEETING MINUTES

The Transportation Committee is requested to review and approve the minutes.

2. PUBLIC COMMENTS/COMMUNICATIONS/MEMBER COMMENTS

Members of the public shall have the opportunity to address the Transportation Committee on any issue within the jurisdiction of the Committee that is not on this agenda. Anyone desiring to speak shall reserve time by completing a “Request to Speak” form and giving it to the Clerk prior to speaking. Public speakers should notify the Clerk if they have a handout for distribution to Committee members. Public speakers are limited to three minutes or less per person. Committee members also may provide information and announcements under this agenda item.

REPORTS (3 through 6)

+3. TransNet SMART GROWTH INCENTIVE PROGRAM AND ACTIVE TRANSPORTATION GRANT PROGRAM: STATUS UPDATE AND PROPOSED GRANT AMENDMENTS (Susan Baldwin)

SANDAG approved the first round of Smart Growth Incentive Program projects under TransNet in May 2009, and the first round of Active Transportation Program grants in June 2009. This report provides an overview of the progress made to date by the grant recipients. In addition, the City of San Diego is requesting two grant amendments that require the approval of the Transportation Committee. The TransNet Independent Taxpayer Oversight Committee recommends that the Transportation Committee approve time extension amendments to two Active Transportation Grant Program grants: (1) Escondido Creek Bike Path Lighting and Restriping; and (2) City of San Diego Pedestrian Master Plan Phase 4.

+4. SPECIALIZED TRANSPORTATION GRANT PROGRAM STATUS UPDATE (Danielle Kochman)

SANDAG manages three competitive grant programs for specialized transportation projects: TransNet Senior Mini-Grant, New Freedom, and Job Access Reverse Commute. This report provides an overview of the progress made to date by the grant recipients in each program.
PROPOSED FY 2013 BUDGET AMENDMENT: PALOMAR STREET GRADE SEPARATION PROJECT REPORT AND ENVIRONMENTAL DOCUMENT (John Dorow)

The Transportation Committee is asked to recommend that the Board of Directors: (1) authorize the Executive Director to execute all documents necessary to enable SANDAG to accept $750,000 from the City of Chula Vista to fully fund the preparation of a Project Report and Environmental Document for a proposed rail/highway grade separation project at Palomar Street and the Blue Line Trolley; and (2) amend the SANDAG FY 2013 Program Budget and Overall Work Program to increase work element 3101800 - CV Light Rail Trolley Improvement Study, in the amount of $750,000, in substantially the same form as Attachment 1.

BLUE AND ORANGE LINE TROLLEY CORRIDOR UPDATE (John Haggerty)

This report provides a status update on the design, construction, and service implementation of the Blue and Orange Line Improvement Corridor projects in the TransNet Early Action Program and state bond funded freight capacity improvement projects.

CONTINUED PUBLIC COMMENTS

If the five speaker limit for public comments was exceeded at the beginning of this agenda, other public comments will be taken at this time. Subjects of previous agenda items may not again be addressed under public comment.

UPCOMING MEETINGS

The next meeting of the Transportation Committee is scheduled for Friday, January 18, 2013 (only one meeting due to the holiday schedule).

ADJOURNMENT

+ next to an agenda item indicates an attachment
SPECIALIZED TRANSPORTATION GRANT PROGRAM STATUS UPDATE

Introduction

This report provides an update through September 30, 2012, on three competitive grant programs that SANDAG manages for specialized transportation projects and services: (1) the Job Access and Reverse Commute (JARC) program; (2) the New Freedom program; and (3) the Senior Mini-Grant program. The JARC and New Freedom programs are funded by the Federal Transit Administration (FTA), and the Senior Mini-Grant program is funded through the TransNet Extension Ordinance.

All three programs require that SANDAG conduct a competitive selection process to distribute the funds. The first set of awards under the JARC and New Freedom projects were made in February 2007 and additional funds have been awarded through four subsequent cycles. Senior Mini-Grant projects were first awarded in September 2008 and again in February 2011.

Discussion

Grant Programs Overview

The JARC program provides funding for transportation projects for reverse commuters and employment-related transportation for persons of limited means. Since the program became a formula program required to be distributed through a competitive process in 2006, 35 JARC projects totaling over $9 million have been awarded funding. The New Freedom program provides funding for transportation projects serving individuals with disabilities that go beyond the minimum requirements of the Americans with Disabilities Act of 1990 (ADA). Since the program began in 2006, 34 projects have been awarded funding totaling over $4 million. The Senior Mini-Grant program funds specialized transportation services for seniors whose special needs cannot be met by conventional transit or paratransit service. Since the Senior Mini-Grant program began in 2009, 26 projects have been awarded funding totaling almost $6 million.

Grant Oversight

SANDAG staff provides ongoing oversight of the three specialized transportation program grantees through review of progress reports and project performance submitted with each invoice. The grantees must maintain documentation of the services provided, and are inspected by SANDAG at regular site visits to ensure compliance with grant agreement service delivery requirements and SANDAG Board Policy No. 035: Competitive Grant Program Procedures (Attachment 1). This information is used to provide regular status updates to the Transportation Committee. The last report was presented at the September 21, 2012, meeting. Additionally, staff provides annual updates to the Social Services Transportation Advisory Council on all specialized transportation grant programs and to the Independent Taxpayer Oversight Committee on the Senior Mini-Grant program.
Service Delivery

Attachment 2 includes a “performance watch list” which compares the grantees actual cost/unit of service delivery to the original proposal. Grant agreements for these programs executed after January 1, 2012, include a provision where a grantee’s inability to achieve within 130 percent of its proposed cost per unit by the end of the sixth month of the project would trigger a requirement for the grantee to complete a Recovery Plan. By the end of the first year, if the grantee is still unable to achieve the 130 percent threshold, the grant agreement would be terminated. The “performance watch list” denotes grantees that may be required to complete a recovery plan or are in danger of contract termination because performance is not in line with the level of service delivery included in the original proposal, per the contract requirements.

SANDAG Board Policy No. 035

SANDAG Board Policy No. 035 was adopted in January 2010 and applies to all SANDAG grant programs. The intent of the policy is to hold grantees accountable to the project schedules they proposed in order to ensure fairness in the competitive process and encourage on-time project completion so the public can benefit from the project deliverables as soon as possible. Per Policy No. 035, in some circumstances, requests for extensions received by SANDAG from the grantee must be considered by the Transportation Committee. Attachment 2 includes a “schedule watch list” which denotes those grantees that appear in danger of not being able to fully draw down on funds without requiring an extension request to be considered by the Transportation Committee.

St. Madeleine Sophie’s Center Grant Progress

St. Madeleine Sophie’s Center was awarded a JARC grant to procure a laptop, printer, and two small buses. FTA requires that SANDAG maintain satisfactory continuing control over the use of project equipment and facilities. To comply with this requirement, ensure compliance with federal procurement requirements, and capitalize on the opportunity for public agencies to piggyback on an existing federalized vehicle procurement contract, SANDAG completed the procurement on behalf of the grantee. This is the fourth specialized transportation grant agreement for vehicles and SANDAG has followed this process for each grant.

This year, a number of obstacles delayed the procurement of the vehicles. The primary delay was related to the vehicle purchasing contract. SANDAG uses an existing vehicle purchase contract that is between California Association of Coordinated Transportation (CalACT) a nonprofit state transit association and various vehicle manufacturers. This is a standard practice that is used by government entities throughout California. At the time SANDAG staff started the process but prior to execution of the contract to procure the vehicles, the existing CalACT contract had expired. This required waiting until CalAct executed a new contract before the purchase order could be issued. None of the delays were caused by St. Madeleine Sophie’s Center.

SANDAG also will be extending the grant agreement an additional five years (through December 31, 2017) to ensure compliance with all FTA requirements. When this grant agreement was originally executed the project schedule and grant term only covered the procurement of the equipment and it also needed to cover the operations and maintenance of the equipment for the useful life of the two vehicles, which is five years. Because this extension is required by SANDAG and has not been requested by the grantee, Policy No. 035 is not applicable. The two vehicles will be
delivered to St. Madeleine Sophie’s Center before the end of this year. No additional tasks under the scope of work will need to be completed under the extension and all milestones in the grant agreement will be met by the grantee.

**Next Steps**

Staff will continue to monitor grantee progress relative to the grant agreements, proposals, and Policy No. 035. The next report will be presented to the Transportation Committee in spring 2013.

COMPETITIVE GRANT PROGRAM PROCEDURES

Applicability and Purpose of Policy

This Policy applies to the following grant programs administered through SANDAG, whether from TransNet or another source: Smart Growth Incentive Program, Environmental Mitigation Program, Bike and Pedestrian Program, Senior Mini Grant Program, Job Access Reverse Commute, New Freedom, and Section 5310 Elderly & Persons with Disabilities Transportation Program.

Nothing in this Policy is intended to supersede federal or state grant rules, regulations, statutes, or contract documents that conflict with the requirements in this Policy. There are never enough government grant funds to pay for all of the projects worthy of funding in the San Diego region. For this reason, SANDAG awards grant funds on a competitive basis that takes the grantees' ability to perform their proposed project on a timely basis into account. SANDAG intends to hold grantees accountable to the project schedules they have proposed in order to ensure fairness in the competitive process and encourage grantees to get their projects implemented quickly so that the public can benefit from the project deliverables as soon as possible.

Procedures

1. Project Milestone and Completion Deadlines

   1.1. When signing a grant agreement for a competitive program funded and/or administered by SANDAG, grant recipients must agree to the project delivery objectives and schedules in the agreement. In addition, a grantee's proposal must contain a schedule that falls within the following deadlines. Failure to meet the deadlines below may result in revocation of all grant funds not already expended. The final invoice for capital, planning, or operations grants must be submitted prior to the applicable deadline.

      1.1.1. Funding for Capital Projects. If the grant will fund a capital project, the project must be completed according to the schedule provided in the grant agreement, but at the latest, any necessary construction contract must be awarded within two years following execution of the grant agreement, and construction must be completed within eighteen months following award of the construction contract. Completion of construction for purposes of this policy shall be when the prime construction contractor is relieved from its maintenance responsibilities. If no construction contract award is necessary, the construction project must be complete within eighteen months following execution of the grant agreement.

      1.1.2. Funding for Planning Grants. If the grant will fund planning, the project must be completed according to the schedule provided in the grant agreement, but at the latest, any necessary consultant contract must be awarded within one year following execution of the grant agreement, and the planning project must be complete within two years following award of the consultant contract. Completion of planning for purposes of this policy shall be when grantee approves the final planning project deliverable. If no consultant contract award is necessary, the planning project must be complete within two years of execution of the grant agreement.
1.1.3 Funding for Operations Grants. If the grant will fund operations, the project must be completed according to the schedule provided in the grant agreement, but at the latest, any necessary services contract for operations must be awarded within one year following execution of the grant agreement, and the operations must commence within six months following award of the operations contract. If no services contract for operations is necessary, the operations project must commence within one year of execution of the grant agreement.

1.1.4 Funding for Equipment or Vehicles Grants. If the grant will fund equipment or vehicles, the project must be completed according to the schedule provided in the grant agreement, but at the latest, any necessary purchase contracts for equipment or vehicles must be awarded within one year following execution of the grant agreement, and use of the equipment or vehicles for the benefit of the public must commence within six months following award of the purchase contract.

2. Project Milestone and Completion Deadline Extensions

2.1. Schedules within grant agreements may include project scopes and schedules that will identify interim milestones in addition to those described in Section 1 of this Policy. Grant recipients may receive extensions on their project schedules of up to six months for good cause. Extensions of up to six months aggregate that would not cause the project to miss a completion deadline in Section 1 may be approved by the SANDAG Executive Director. Extensions beyond six months aggregate or that would cause the project to miss a completion deadline in Section 1 must be approved by the Policy Advisory Committee that has been delegated the necessary authority by the Board. For an extension to be granted under this Section 2, the following conditions must be met:

2.1.1. For extension requests of up to six months, the grantee must request the extension in writing to the SANDAG Program Manager at least two weeks prior to the earliest project schedule milestone deadline for which an extension is being requested. The Executive Director or designee will determine whether the extension should be granted. The Executive Director’s action will be reported out to the Board in following month’s report of delegated actions.

2.1.2. A grantee seeking an extension must document previous efforts undertaken to maintain the project schedule, explain the reasons for the delay, explain why the delay is unavoidable, and demonstrate an ability to succeed in the extended time frame the grantee proposes.

2.1.3. If the Executive Director denies an extension request under this Section 2, the grantee may appeal within ten business days of receiving the Executive Director’s response to the responsible Policy Advisory Committee by sending the appeal to the SANDAG Program Manager.

2.1.4. Extension requests that are rejected by the Policy Advisory Committee will result in termination of the grant agreement and obligation by the grantee to return to SANDAG any unexpended funds within 30 days. Unexpended funds are funds for project costs not incurred prior to rejection of the extension request by the Policy Advisory Committee.
3. Project Delays and Extensions in Excess of Six Months

3.1. Requests for extensions in excess of six months, or that will cause a project to miss a completion deadline in Section 1 (including those projects that were already granted extensions by the Executive Director and are again falling behind schedule), will be considered by the Policy Advisory Committee upon request to the SANDAG Program Manager.

3.2 A grantee seeking an extension must document previous efforts undertaken to maintain the project schedule, explain the reasons for the delay, explain why the delay is unavoidable, and demonstrate an ability to succeed in the extended time frame the grantee proposes. The grantee must provide the necessary information to SANDAG staff to place in a report to the Policy Advisory Committee. If sufficient time is available, and the grant utilized TransNet funds, the request will first be taken to the Independent Taxpayer Advisory Committee (ITOC) for a recommendation. The grantee should make a representative available at the meeting to present the information to, and/or answer questions from, the ITOC and Policy Advisory Committee.

3.3 The Policy Advisory Committee will only grant an extension under this Section 3 for extenuating circumstances that the grantee could not have reasonably foreseen.

4. Resolution and Execution of the Grant Agreement

4.1 Two weeks prior to the review by the Policy Advisory Committee of the proposed grants, prospective grantees must submit a resolution from their authorized governing body that includes the provisions in this Subsection 4.1. Failure to provide a resolution that meets the requirements in this Subsection 4.1 will result in rejection of the application and the application will be dropped from consideration with funding going to the next project as scored by the evaluation committee. In order to assist grantees in meeting this resolution deadline, when SANDAG issues the call for projects it will allow at least 90 days for grant application submission.

4.1.1 Grantee governing body commits to providing the amount of matching funds set forth in the grant application.

4.1.2 Grantee governing body authorizes staff to accept the grant funding and execute a grant agreement if an award is made by SANDAG.

4.2 Grantee’s authorized representative must execute the grant agreement within 45 days from the date SANDAG presents the grant agreement to the prospective grantee for execution. Failure to meet the requirements in this Subsection 4.2 may result in revocation of the grant award.

5. Increased Availability of Funding Under this Policy

5.1. Grant funds made available as a result of the procedures in this Policy may be awarded to the next project on the recommended project priority list from the most recent project selection process, or may be added to the funds available for the next project funding cycle, at the responsible Policy Advisory Committee’s discretion. Any project that loses funding due to failure to meet the deadlines specified in this Policy may be resubmitted to compete for funding in a future call for grant applications.

Although FACT is on the Cost Efficiency Watch List, the grant agreement does not include the updated language requiring a Recovery Plan and termination of the agreement. Because of the unique nature of this project, the data presented is not an accurate indicator of the actual performance of the project.

At the current draw down rate Renewing Life would require a 17-month extension to draw down on all funding. However, this program is new and is expected to grow significantly.

</tbody>
</table>

**Notes:**
- NCTD is a direct recipient of the FTA and therefore does not have a grant agreement with SANDAG for JARC funding.
- At the current draw down rate IRC would require a 2-year extension to draw down on all funding. However, this program is new and is expected to grow significantly.
- Ridership on this route has been higher than expected, which means higher toll revenues and therefore a lower net cost for the route.
