Welcome to SANDAG. Members of the public may speak to the Transportation Committee on any item at the time the Committee is considering the item. Please complete a Speaker's Slip, which is located in the rear of the room, and then present the slip to the Clerk of the Committee seated at the front table. Members of the public may address the Committee on any issue under the agenda item entitled Public Comments/Communications/Member Comments. Public speakers are limited to three minutes or less per person. The Transportation Committee may take action on any item appearing on the agenda.

Public comments regarding the agenda can be sent to SANDAG via comment@sandag.org. Please include the agenda item, your name, and your organization. Email comments should be received no later than 12 noon, two working days prior to the Transportation Committee meeting. **Any handouts, presentations, or other materials from the public intended for distribution at the Transportation Committee meeting should be received by the Clerk of the Committee no later than 12 noon, two working days prior to the meeting.**

In order to keep the public informed in an efficient manner and facilitate public participation, SANDAG also provides access to all agenda and meeting materials online at www.sandag.org/meetings. Additionally, interested persons can sign up for e-notifications via our e-distribution list at either the SANDAG website or by sending an email request to webmaster@sandag.org.

SANDAG operates its programs without regard to race, color, and national origin in compliance with Title VI of the Civil Rights Act. SANDAG has developed procedures for investigating and tracking Title VI complaints and the procedures for filing a complaint are available to the public upon request. Questions concerning SANDAG nondiscrimination obligations or complaint procedures should be directed to SANDAG General Counsel, John Kirk, at (619) 699-1997 or john.kirk@sandag.org. Any person who believes himself or herself or any specific class of persons to be subjected to discrimination prohibited by Title VI also may file a written complaint with the Federal Transit Administration.

In compliance with the Americans with Disabilities Act (ADA), SANDAG will accommodate persons who require assistance in order to participate in SANDAG meetings. CONSENT (3 through 4)

+3.	SPECIALIZED TRANSPORTATION GRANT PROGRAM STATUS UPDATE (Danielle Kochman)	INFORMATION
	SANDAG manages three competitive grant programs for specialized transportation projects: Job Access and Reverse Commute, New Freedom, and <i>TransNet</i> Senior Mini-Grant. This report provides an overview of the progress made to date by the grant recipients in each program.	
+4.	CALIFORNIA HIGH-SPEED TRAIN SYSTEM: LOS ANGELES TO SAN DIEGO VIA INLAND EMPIRE SECTION STATUS UPDATE (Danny Veeh)	INFORMATION
	The California High-Speed Rail Authority (CHSRA) is the state agency responsible for planning, constructing, and operating a high-speed train system serving California's major metropolitan areas. The proposed system stretches over 800 miles and would connect San Diego, Los Angeles, the Central Valley, San Francisco, and Sacramento using a state-of-the-art, electrified system capable of speeds in excess of 200 miles per hour. SANDAG continues to monitor the work on the CHSRA.	

REPORTS (5 through 11)

+5.	2012 REGIONAL TRANSPORTATION IMPROVEMENT PROGRAM AMENDMENT No. 9 (Michelle Merino)	APPROVE
	On September 28, 2012, the Board of Directors adopted the 2012 Regional Transportation Improvement Program (RTIP). The 2012 RTIP is the multiyear program of proposed major transportation projects in the San Diego region covering the period FY 2013 to FY 2017. Amendment No. 9 is a regular quarterly formal amendment and reflects changes to projects as requested by member agencies. The Transportation Committee is asked to adopt Resolution No. 2014-05, approving Amendment No. 9 to the 2012 RTIP.	

- +6. PROPOSED FY 2014 PROGRAM BUDGET AMENDMENT AND 2012 REGIONAL TRANSPORTATION IMPROVEMENT PROGRAM AMENDMENT No. 10 – ADMINISTRATIVE MODIFICATION (Michelle Merino)** **APPROVE**
- On September 28, 2012, the Board of Directors adopted the 2012 Regional Transportation Improvement Program (RTIP). The 2012 RTIP is the multiyear program of proposed major transportation projects in the San Diego region covering the period FY 2013 to FY 2017. Amendment No. 10 is special amendment to program federal funds for the State Route 11 Pre-deployment study. The Transportation Committee is asked to: (1) approve the proposed amendment to the FY 2014 Overall Work Program work element 34200; and (2) approve Amendment No. 10 – Administrative Modification to the 2012 RTIP.
- +7. *TransNet* SMART GROWTH INCENTIVE PROGRAM AND ACTIVE TRANSPORTATION GRANT PROGRAM: STATUS UPDATE AND PROPOSED GRANT AMENDMENT (Suchi Mukherjee)** **APPROVE**
- This report provides an overview of the progress made through June 30, 2013, for projects awarded through the *TransNet* Smart Growth Incentive Program and Active Transportation Grant Program. The Independent Taxpayer Oversight Committee recommends that the Transportation Committee approve an amendment for a no-cost, time-only extension for the Active Transportation Grant Program Escondido Creek Bike Path Lighting and Restriping Project.
- +8. PROPOSED FY 2014 PROGRAM BUDGET AMENDMENT: SANTA MARGARITA RIVER BRIDGE AND SECOND TRACK PROJECT (Ramon Ruelas)** **RECOMMEND**
- The Santa Margarita River Bridge and Second Track Project will add new double track in addition to replacing the existing single track bridge with a new double-track bridge. Several unanticipated circumstances and events have resulted in impacts to the overall project schedule and cost, which cannot be absorbed by the existing project budget. The Transportation Committee is asked to recommend that the Board of Directors approve an amendment to the FY 2014 Program Budget to increase the Santa Margarita River Bridge and Second Track Project (CIP 1141600) by \$1.3 million funded from State Traffic Congestion Relief Program funds.
- +9. PROPOSED FY 2014 CAPITAL IMPROVEMENT PROGRAM BUDGET AMENDMENT: CENTRALIZED TRAIN CONTROL MAINTENANCE (Francine Jimenez)** **RECOMMEND**
- The Transportation Committee is asked to recommend that the Board of Directors authorize the Executive Director to enter into a Memorandum of Understanding with the Metropolitan Transit System to accept \$1,152,229 for the Centralized Train Control Maintenance (OWP 33123.00) and approve the proposed amendment to the FY 2014 Program Budget.
- +10. 2014 STATE TRANSPORTATION IMPROVEMENT PROGRAM (Sookyung Kim)** **DISCUSSION**
- The California Transportation Commission has released its fund estimate for the 2014 State Transportation Improvement Program (STIP). Staff will present and discuss a draft programming option in preparation for the 2014 STIP.

**+11. STATE ROUTE 94 EXPRESS LANES PROJECT UPDATE (Gustavo Dallarda, INFORMATION
Caltrans)**

The *TransNet* Early Action Program includes the construction of two high-occupancy vehicle (HOV) lanes in the median of State Route 94 (SR 94) between Interstate 805 (I-805) and Downtown San Diego. The project scope also includes HOV-to-HOV Connectors between northbound I-805 and westbound SR 94, and eastbound SR 94 and southbound I-805. Caltrans is conducting environmental studies to assess various project alternatives. A project update will be provided.

12. CONTINUED PUBLIC COMMENTS

If the five speaker limit for public comments was exceeded at the beginning of this agenda, other public comments will be taken at this time. Subjects of previous agenda items may not again be addressed under public comment.

13. UPCOMING MEETINGS INFORMATION

TRANSPORTATION COMMITTEE

October 18, 2013

AGENDA ITEM NO.: **3**

Action Requested: INFORMATION

SPECIALIZED TRANSPORTATION GRANT PROGRAM STATUS UPDATE

File Number 3320200

Introduction

This report provides an update through June 30, 2013, on three competitive grant programs that SANDAG manages for specialized transportation projects and services: (1) the Job Access and Reverse Commute (JARC) Program; (2) the New Freedom Program; and (3) the Senior Mini-Grant Program. The JARC and New Freedom Programs are funded by the Federal Transit Administration, and the Senior Mini-Grant Program is funded through the *TransNet* Extension Ordinance.

All three programs require that SANDAG conduct a competitive selection process to distribute the funds. The first set of awards under the JARC and New Freedom projects were made in February 2007 and additional funds have been awarded through five subsequent cycles. Senior Mini-Grant projects were first awarded in September 2008 and again in February 2011 and March 2013.

Discussion

Grant Programs Overview

The JARC Program provides funding for transportation projects for reverse commuters and employment-related transportation for persons of limited means. Since the program became a formula program required to be distributed through a competitive process in 2006, 46 JARC projects totaling almost \$11 million have been awarded funding. The New Freedom Program provides funding for transportation projects serving individuals with disabilities that go beyond the minimum requirements of the Americans with Disabilities Act of 1990. Since the program began in 2006, 44 projects have been awarded funding totaling over \$5 million. The Senior Mini-Grant program funds specialized transportation services for seniors whose special needs cannot be met by conventional transit or paratransit service. Since the Senior Mini-Grant Program began in 2009, 42 projects have been awarded funding totaling almost \$9 million.

Grant Oversight

SANDAG staff provides ongoing oversight of the three specialized transportation program grantees through review of progress reports and project performance submitted with each invoice. The grantees must maintain documentation of the services provided, and are inspected by SANDAG at regular site visits to ensure compliance with grant agreement service delivery requirements and SANDAG Board Policy No. 035: Competitive Grant Program Procedures (Attachment 1). This information is used to provide regular status updates to the Transportation Committee. The last report was presented at the July 13, 2013, meeting. Additionally, staff provides annual updates to the Social Services Transportation Advisory Council on all specialized transportation grant programs and to the *TransNet* Independent Taxpayer Oversight Committee on the Senior Mini-Grant Program.

Service Delivery

Attachment 2 includes a “cost-efficiency watch list,” which compares the grantees actual cost/unit of service delivery to the original proposal. Grant agreements for these programs executed after January 1, 2012, include a provision where a grantee’s inability to achieve within 130 percent of its proposed cost per unit by the end of the sixth month of the project would trigger a requirement for the grantee to complete a recovery plan. By the end of the first year, if the grantee is still unable to achieve the 130 percent threshold, the grant agreement would be terminated. The cost-efficiency watch list denotes grantees that may be required to complete a recovery plan or are in danger of contract termination because performance is not in line with the level of service delivery included in the original proposal, per the contract requirements. There are currently three grants on the cost-efficiency watch list (Senior Mini-Grant grant with FACT - 5004298 and New Freedom grants with FACT – 5004299 and San Ysidro Health Center 5001222). For the two grant agreements with Full Access & Coordinated Transportation, the data for July is available at the time of this report, and including the data for July brings the cumulative cost/referral under the 130 percent performance threshold. Although updated data for the San Ysidro Health Center project is not yet available, staff completed a site visit in October where they reported that the level of service delivery has increased significantly and they are no longer incurring the high costs associated with starting up the program. It is not anticipated that this project will continue to be on the cost-efficiency watch list in future reports. SANDAG will continue to monitor these grantee’s progress.

SANDAG Board Policy No. 035

SANDAG Board Policy No. 035: Competitive Grant Program Procedures was adopted in January 2010 and applies to all SANDAG grant programs. The intent of the policy is to hold grantees accountable to the project schedules they proposed in order to ensure fairness in the competitive process and encourage on-time project completion. Per Board Policy No. 035, in some circumstances, requests for extensions received by SANDAG from the grantee must be considered by the Transportation Committee. Attachment 2 also includes a “schedule watch list,” which denotes those grantees that appear in danger of not being able to fully draw down on funds without requiring an extension request to be considered by the Transportation Committee. There are three grantees currently on the schedule watch list (Senior Mini-Grant grants with Elderhelp – 5001693 and Friends of Adult Day Health Care Centers – 5001694 and the New Freedom grant with San Ysidro Health Center – 5001222).. The grantee Elderhelp has experienced significant growth recently; it has requested up to a six-month extension and anticipates fully drawing down on funds within that time. This extension was approved by the SANDAG Executive Director as allowable under Section 2.1 of Policy 035. The grantee Friends of Adult Day Health Care Centers also is on the watch list. At its current draw-down rate, a 12-month extension would be necessary. At this time Friends of Adult Day Health Care Centers has not requested an extension. San Ysidro Health Center’s New Freedom project is new and just began operations in March. Since the level of service delivery has increased significantly, the draw down rate has also increased. At this time, San Ysidro Health Center has not requested an extension. SANDAG will continue to monitor these grantee’s progress and report on any extension requests in the next quarterly status update.

Pending Grants

Due to the operating nature of these grant programs, when a new grant is awarded to continue a project that already has an existing grant, the start date of that new grant would begin upon termination of the existing grant for that same project. A number of grantees have new grants pending due to varying start dates for different projects, extension requests, and delays experienced in executing contracts in the first cycle of awards. SANDAG staff track anticipated start

dates for new grants, which often change as the programs experience growth. Attachment 2 indicates which projects have pending grants and the anticipated start date of each new grant. SANDAG is developing language to be included in future competitive selection processes, to ensure projects with significant funding remaining under an existing grant would not be eligible to apply for additional funding if a new award would result in a new grant pending for a year or longer. This will help ensure that grant funds are being spent in a timely manner.

Next Steps

Staff will continue to monitor grantee progress relative to the grant agreements, proposals, and Board Policy No. 035. The next report will be presented to the Transportation Committee in January 2014.

BOARD POLICY NO. **035**

COMPETITIVE GRANT PROGRAM PROCEDURES

Applicability and Purpose of Policy

This Policy applies to the following grant programs administered through SANDAG, whether from *TransNet* or another source: Smart Growth Incentive Program, Environmental Mitigation Program, Bike and Pedestrian Program, Senior Mini Grant Program, Job Access Reverse Commute, New Freedom, and Section 5310 Elderly & Persons with Disabilities Transportation Program.

Nothing in this Policy is intended to supersede federal or state grant rules, regulations, statutes, or contract documents that conflict with the requirements in this Policy. There are never enough government grant funds to pay for all of the projects worthy of funding in the San Diego region. For this reason, SANDAG awards grant funds on a competitive basis that takes the grantees' ability to perform their proposed project on a timely basis into account. SANDAG intends to hold grantees accountable to the project schedules they have proposed in order to ensure fairness in the competitive process and encourage grantees to get their projects implemented quickly so that the public can benefit from the project deliverables as soon as possible.

Procedures

1. Project Milestone and Completion Deadlines

1.1. When signing a grant agreement for a competitive program funded and/or administered by SANDAG, grant recipients must agree to the project delivery objectives and schedules in the agreement. In addition, a grantee's proposal must contain a schedule that falls within the following deadlines. Failure to meet the deadlines below may result in revocation of all grant funds not already expended. The final invoice for capital, planning, or operations grants must be submitted prior to the applicable deadline.

1.1.1. Funding for Capital Projects. If the grant will fund a capital project, the project must be completed according to the schedule provided in the grant agreement, but at the latest, any necessary construction contract must be awarded within two years following execution of the grant agreement, and construction must be completed within eighteen months following award of the construction contract. Completion of construction for purposes of this policy shall be when the prime construction contractor is relieved from its maintenance responsibilities. If no construction contract award is necessary, the construction project must be complete within eighteen months following execution of the grant agreement.

1.1.2. Funding for Planning Grants. If the grant will fund planning, the project must be completed according to the schedule provided in the grant agreement, but at the latest, any necessary consultant contract must be awarded within one year following execution of the grant agreement, and the planning project must be complete within two years following award of the consultant contract. Completion of planning for purposes of this policy shall be when grantee approves the final planning project deliverable. If no

consultant contract award is necessary, the planning project must be complete within two years of execution of the grant agreement.

1.1.3 Funding for Operations Grants. If the grant will fund operations, the project must be completed according to the schedule provided in the grant agreement, but at the latest, any necessary services contract for operations must be awarded within one year following execution of the grant agreement, and the operations must commence within six months following award of the operations contract. If no services contract for operations is necessary, the operations project must commence within one year of execution of the grant agreement.

1.1.4 Funding for Equipment or Vehicles Grants. If the grant will fund equipment or vehicles, the project must be completed according to the schedule provided in the grant agreement, but at the latest, any necessary purchase contracts for equipment or vehicles must be awarded within one year following execution of the grant agreement, and use of the equipment or vehicles for the benefit of the public must commence within six months following award of the purchase contract.

2. Project Milestone and Completion Deadline Extensions

2.1. Schedules within grant agreements may include project scopes and schedules that will identify interim milestones in addition to those described in Section 1 of this Policy. Grant recipients may receive extensions on their project schedules of up to six months for good cause. Extensions of up to six months aggregate that would not cause the project to miss a completion deadline in Section 1 may be approved by the SANDAG Executive Director. Extensions beyond six months aggregate or that would cause the project to miss a completion deadline in Section 1 must be approved by the Policy Advisory Committee that has been delegated the necessary authority by the Board. For an extension to be granted under this Section 2, the following conditions must be met:

2.1.1. For extension requests of up to six months, the grantee must request the extension in writing to the SANDAG Program Manager at least two weeks prior to the earliest project schedule milestone deadline for which an extension is being requested. The Executive Director or designee will determine whether the extension should be granted. The Executive Director's action will be reported out to the Board in following month's report of delegated actions.

2.1.2. A grantee seeking an extension must document previous efforts undertaken to maintain the project schedule, explain the reasons for the delay, explain why the delay is unavoidable, and demonstrate an ability to succeed in the extended time frame the grantee proposes.

2.1.3. If the Executive Director denies an extension request under this Section 2, the grantee may appeal within ten business days of receiving the Executive Director's response to the responsible Policy Advisory Committee by sending the appeal to the SANDAG Program Manager.

2.1.4. Extension requests that are rejected by the Policy Advisory Committee will result in termination of the grant agreement and obligation by the grantee to return to SANDAG any unexpended funds within 30 days. Unexpended funds are funds for project costs not incurred prior to rejection of the extension request by the Policy Advisory Committee.

3. Project Delays and Extensions in Excess of Six Months

3.1. Requests for extensions in excess of six months, or that will cause a project to miss a completion deadline in Section 1 (including those projects that were already granted extensions by the Executive Director and are again falling behind schedule), will be considered by the Policy Advisory Committee upon request to the SANDAG Program Manager.

3.2 A grantee seeking an extension must document previous efforts undertaken to maintain the project schedule, explain the reasons for the delay, explain why the delay is unavoidable, and demonstrate an ability to succeed in the extended time frame the grantee proposes. The grantee must provide the necessary information to SANDAG staff to place in a report to the Policy Advisory Committee. If sufficient time is available, and the grant utilized *TransNet* funds, the request will first be taken to the Independent Taxpayer Advisory Committee (ITOC) for a recommendation. The grantee should make a representative available at the meeting to present the information to, and/or answer questions from, the ITOC and Policy Advisory Committee.

3.3 The Policy Advisory Committee will only grant an extension under this Section 3 for extenuating circumstances that the grantee could not have reasonably foreseen.

4. Resolution and Execution of the Grant Agreement

4.1 Two weeks prior to the review by the Policy Advisory Committee of the proposed grants, prospective grantees must submit a resolution from their authorized governing body that includes the provisions in this Subsection 4.1. Failure to provide a resolution that meets the requirements in this Subsection 4.1 will result in rejection of the application and the application will be dropped from consideration with funding going to the next project as scored by the evaluation committee. In order to assist grantees in meeting this resolution deadline, when SANDAG issues the call for projects it will allow at least 90 days for grant application submission.

4.1.1 Grantee governing body commits to providing the amount of matching funds set forth in the grant application.

4.1.2 Grantee governing body authorizes staff to accept the grant funding and execute a grant agreement if an award is made by SANDAG.

4.2 Grantee's authorized representative must execute the grant agreement within 45 days from the date SANDAG presents the grant agreement to the prospective grantee for execution. Failure to meet the requirements in this Subsection 4.2 may result in revocation of the grant award.

5. Increased Availability of Funding Under this Policy

5.1. Grant funds made available as a result of the procedures in this Policy may be awarded to the next project on the recommended project priority list from the most recent project selection process, or may be added to the funds available for the next project funding cycle, at the responsible Policy Advisory Committee's discretion. Any project that loses funding due to failure to meet the deadlines specified in this Policy may be resubmitted to compete for funding in a future call for grant applications.
