Ms. Cindy McKim, Director
California Department of Transportation
1120 N Street
Sacramento, CA 95814

Attention: Federal Resources Office, MS 82
For Rachel Falsetti, Division of Transportation Programming

Dear Ms. McKim:

**SUBJECT: 2010/2011 FEDERAL STATEWIDE TRANSPORTATION IMPROVEMENT
PROGRAM**

The Federal Highway Administration's (FHWA) and Federal Transit Administration's (FTA) earlier 2010/2011 Federal Statewide Transportation Improvement Program (FSTIP) approval letter contained a typographical error.

We apologize for this typographical error and any confusion that it may have caused.

FHWA and FTA's 2010/2011 FSTIP approval letter should read as follows:

**SUBJECT: 2010/2011 FEDERAL STATEWIDE TRANSPORTATION IMPROVEMENT
PROGRAM**

We have completed our review of California's proposed 2010/2011 Federal Statewide Transportation Improvement Program and Statewide and Metropolitan Planning Certifications and related supporting documentation that was submitted by the California Department of Transportation (Caltrans) to the Federal Transit Administration (FTA) and the Federal Highway Administration (FHWA) by letter dated November 12, 2010. Once approved by the FTA and FHWA, the 2010/2011 FSTIP supersedes the 2009 California FSTIP and all subsequent amendments to the 2009 FSTIP that were approved by the FHWA and FTA on or after November 17, 2008.

Section 450.218 of Title 23, Code of Federal Regulations, requires the State to submit the updated FSTIP concurrently to the FTA and the FHWA at least every four years for joint approval. California's proposed 2010/2011 FSTIP includes the project and project phase listings for proposed transportation projects located outside the planning area boundaries of the State's designated Metropolitan Planning Organizations (MPOs). California's proposed 2010/2011 FSTIP also incorporates by reference those projects in the State of California listed in the 2010/2011 Federal Transportation Improvements Programs

(FTIPs) that were adopted by the State's eighteen MPOs and approved by the Governor of the State of California.

The FHWA and the FTA have completed the air quality conformity determinations required by 23 CFR 450.216(b) for the MPO FTIPs in areas of the State designated as nonattainment or maintenance for national ambient air quality standards (NAAQS).

Based on our review of the information submitted with the State's proposed 2010/2011 FSTIP, including revenue and proposed project funding information required to demonstrate financial constraint, and documentation for statewide and metropolitan planning process in support of California's Statewide Planning Certification, we are approving the 2010/2011 FSTIP as proposed. Any project or project phase listed in a MPO FTIP that is not included in the MPO's Regional Transportation Plan, is not approved for inclusion in the FSTIP pursuant to 23 CFR §§450.216(k) and 450.324(g).

Our FSTIP approval action includes project listings that indicate no funds are proposed for obligation during the four-year program period from 2010/2011 to 2013/2014. These projects and project phases cannot be advanced to implementation without an action by the FHWA and the FTA on the FSTIP pursuant to 23 CFR 450.216(l) and 450.328(e). Further, project or project phase funding included in the 2010/2011 FSTIP that is listed/proposed for obligation outside the four year program cycle is accepted by the FHWA and the FTA as 'informational' in accord with 23 CFR §§450.216(a) and 450.324(a).

We are approving the 2010/2011 FSTIP with the understanding that the eligibility of individual projects for funding is subject to the applicant's satisfaction of all administrative requirements. This joint FHWA and FTA approval of the FSTIP does not constitute an eligibility determination for the federal funds proposed for obligation on the listed projects. If you have questions or need additional information concerning our approval of the 2010/2011 FSTIP, please contact Wade Hobbs in the FHWA California Division office at (916) 498-5027, or by email at Wade.Hobbs@dot.gov; or Ted Matley in the FTA Region IX office at (415) 744-2590, or by email at Ted.Matley@dot.gov.

Sincerely,

For

Walter C. Waidelich, Jr.
Division Administrator
