

Completed Healthy Works/ CPPW Pass-through Grant Projects 2011-2012

Safe Routes to School Capacity Building and Planning Grants

6 projects were successfully completed under this SRTS grant program (4 local jurisdictions, 2 grants to a non-profit organization).

Project Name		Project Description	Total SANDAG Amount
1	City of Chula Vista - Students Taking Active Routes to School (STARTS) Program	The STARTS program studied bicycle and pedestrian routes, and developed plans with suggested walking/biking route maps for six middle schools within the City of Chula Vista.	\$50,000.00
2	City of La Mesa - "La Mesa Kids Walk & Roll to School" Safe Routes Program Planning Project	Created a framework to guide and sustain the SRTS program. Developed a prioritized Citywide Infrastructure Improvement Plan, a Specific Implementation Plan for eight schools, a Volunteer Guide, and an Evaluation and Monitoring Plan.	\$47,582.60
3	City of National City - National City Safe Routes to School Education and Encouragement Initiative	Conducted education, encouragement, and evaluation activities at all 10 elementary schools within the City.	\$30,000.00
4	WalkSanDiego -San Ysidro Walks and Wheels to School	Developed comprehensive safe routes to school plans for two San Ysidro School District (SYSD) elementary schools that can serve as models for future SYSD planning.	\$50,850.00
5	WalkSanDiego - South San Diego: Let's Move Together	Developed comprehensive safe routes to school plans for two South Bay Union School District (SBUSD) elementary schools that can serve as models for future SBUSD planning.	\$50,850.00
6	City of Vista - Vista Safe Routes to School Strategic Plan	Created comprehensive SRTS plans for 6 schools in the Vista Unified School District that include an assessment of bike/ ped collisions, summary of issues per school, and suggested physical safety improvements, educational programs and funding.	\$50,000.00

Safe Routes to School Education, Encouragement and Enforcement Grants

Under the SRTS EEE grant program 2 local jurisdictions, 1 school district and 2 grants to a non-profit organization were successfully completed to support programmatic SRTS activities.

Project Name		Project Description	Total SANDAG Amount
7	Chula Vista Elementary School District - The Neighborhood Pace Car Program-Safe Routes to School	Promoted traffic speed reduction and safe driving behaviors in school areas through bilingual, culturally-appropriate outreach strategies.	\$10,000.00
8	City of La Mesa - La Mesa and Parkway Middle School Student Engagement Initiative	Expanded the existing La Mesa Safe Routes to School efforts to engage middle school students. The project educated and empowered students at two middle schools through technology-based workshops, "Walkshops."	\$9,650.00
9	WalkSanDiego - Lakeside Gets Moving	Formed a safe routes to school coalition, conducted outreach, and implemented incentive programs and a Walk to School event that targeted Lakeview Elementary School.	\$10,890.00
10	WalkSanDiego - Walk This Way: Pedestrian Training for Elementary School Students	Created a pedestrian safety training course, conducted 2 pilot trainings and provided 7 additional trainings to elementary schools located in the County of San Diego Central Region.	\$10,980.00
11	City of Oceanside - Oceanside Bicycle Rodeo Program	Expanded the City of Oceanside's bicycle safety rodeo program to six additional elementary schools.	\$10,000.00
