

Help Shape Our Region's Future

Workshops Tackle Important Issues Facing the Region

Bring your ideas to the table on the biggest issues facing the San Diego region between now and 2050 — issues like the economy, the environment, transportation, public health, and social equity.

Get involved in the on-going conversation about how best to tackle our challenges today, and preserve our quality of life for the future.

The San Diego Association of Governments (SANDAG) and its partners have embarked on creating San Diego Forward: The Regional Plan. It will build upon local planning efforts, and incorporate emerging issues and innovative concepts, to form an overall vision for the region's future, including specific actions aimed at turning that vision into reality.

Now is the time to make your voice heard! Take part in a series of workshops that will be held throughout the region in May, June, and July 2013 — in the daytime and in the evening.

Evening Community Workshops

Every Thursday in June — all include complimentary sandwiches, cookies, and beverages

All four community workshops will seek input on the same topics — land use, transportation, housing, healthy environment, public health, economic prosperity, public facilities, energy, climate change, and borders.
