Project Overview

- Partnership with Caltrans, City of San Diego, and MTS
- Study area
- Planning-level multimodal analysis
- Identification of a preferred strategy
Project Status

- Collected data sources and documentation for the study
- Identified key focus areas for transit/bike and pedestrian analysis
- Performed analysis of existing and future traffic
- Currently developing and testing initial conceptual alternatives
Timeline

* March 2014 – SANDAG Transportation Committee
* Summer 2014 – Public outreach meetings
* Fall 2014 – SANDAG Transportation Committee
* Winter 2014 – Public outreach meetings
* Spring 2015 – Draft/final study report
Meeting Purpose

- Present project overview and focus areas
- Gain understanding of community context
- Obtain feedback from community on transportation concerns
Meeting Format

* Stations:
  - Ocean Beach, Peninsula, and Midway
  - Old Town and Fashion Valley
  - Mission Valley and Qualcomm
  - Grantville and San Diego State University

* Facilitated discussion with note takers

* Rotate to different stations

* Fact sheets available at each station

* Comments will be posted on the project webpage
